Make Me Yours Tia Louise

He's a billionaire single dad who needs help.

She's a sassy single gal who needs work.

Live-in nanny? What could go wrong?

Remington Key: I left the Navy, scored a billion in tech, got married, and had a baby. I did everything by the book. Happily ever after, right?

Fast-forward four years, and I'm alone, raising my daughter, caring for my mother-in-law, and trying to keep my stuff together. How did this happen?

I was clearly drunk the night I offered a gorgeous girl in a bar \$500 a day to be my live-in nanny. Or maybe it was my dick talking.

So what if I've been alone since forever? I'm focused on launching my new business, not bedding the sexy siren who sleeps down the hall.

At least that's what I keep reminding myself...

Ruby Banks: Remington Key is distant, brooding, and ridiculously sexy. And when he scoops up his adorable four-year-old daughter Lillie and blows raspberries on her tummy while she squeals with delight, my ovaries literally explode.

Bumping into him at our local pub that night slightly drunk and overly frustrated was a total accident. He needed help, and it was the Christian thing to help a man in need. *Right?*

Only, Remington Key does not make me feel very Christ-like... No matter how committed I am to being a responsible employee.

(A STAND-ALONE CONTEMPORARY Romantic Comedy.)

I'm in the writing cave, and I am SO EXCITED to bring you MAKE ME YOURS! Ruby + Remi's Single dad-Nanny romantic comedy is AMAZING!!! I can't WAIT for you to meet these two lovebirds.

Ruby is sassy and hilarious and BROKE... Remi is focused and intense, and DROWNING... She agrees to help him with his adorable daughter Lillie in exchange for a ridiculous salary. A one-month trial period. They will NOT get involved... Too bad their chemistry is OFF THE CHARTS!!!!
