## My Demons Kimberly Soto

Abigale Hayes has had many things ripped from her life. She's been broken and emotionally left to die in the darkness she's been living in for far too long. Love finds Abby in ways she hadn't imagined would ever be possible, but so do lies and betrayal. Abby will be put in a position to protect the one man she loves and has realized without a doubt she will love forever. Evan's love for Abby will take him to a whole new depth of darkness and dealing with those that want the love of his life for themselves will be the end of Evan and Abby. Or will it?

# From Reader Review My Demons for online ebook

## Christy McCurry says

Loved this book from start to finish.

This is book 2 in The Angel Trilogy and it picks up right where book 1 left off. So if you haven't read book 1 "His Angel" do it NOW.. You won't regret it.. This book was a great combination of suspense, mystery, romance, love, devotion, and heartbreak.

Evan's love and devoted to Abby is swoon worthy. We should all be lucky enough to have an Evan..

Abby shows her strength.. The girl is amazing.

The secondary characters all intertwine with the story perfectly.

Kimberly Blalock has once again shown her amazing writing skills. You will fall in love with the characters and want more.

I am not going to add any spoilers because this book is too good, just be prepared though because your emotions all going to be all over the place!

This is a must read...

## Lillian ? Cloud 9 Books ? says

\*\*\*\*\* 3.5 Oblivion Stars \*\*\*\*\*

*Cannot be read as a standalone*

Abby and Evan can't catch a break because people from the past want blood.

There is more action and suspense in this second book. Abby fights for Evan and her own happiness. My only issue was that I thought a fighting scene was cut too short. It just jumped to a new chapter and then .... tah dah!

Warning: Includes rape and abuse.

---

## **Marci says**

This series has quickly become one of my favorites. I absolutely love Abby and Evan's story. Much like book one, I could not put this one down, and now I am anxious for the third installment. "My Demons" is full of action, eroticism, and has an amazing storyline that will keep you on your toes and pull at your heart strings. Again, cannot wait for book 3.

Recommending this to all of you. 5 STARS!!!!

---

## **Tbird London says**

Well Ms. Blalock has made a believer out of me with her talent to take the reader on an epic emotional rollercoaster. No matter how many times I was begging to "make the insanity stop", no one could have pried my kindle out of my hands. Once I started book two with that dream of all dreams, reality had no chance at interfering with this book.

So much happens in My Demons and it makes writing this review very difficult. As a reader I want to just tell you all to pull up a chair and let's have a multiple hour talk about what Abby and Evan go through, but as a reviewer I am bound by my rule of not giving spoilers. Oh the struggles an awesome book brings.

Abby and Evan were left in book one with her memory of him erased. She could "feel" her emotions for him but every step he made in getting her to love him over the last year was gone. Trusting that her heart would lead Abby back to him, Evan goes on a mission of keeping her safe from the dangerous characters that mean to cause her harm. He also has to find a way to protect her from the demons of his own past that still lurk in the night.

You are going to see just how deranged his father Thomas is, her ex-boyfriend Marco is a huge jerk. He had to have put on a great act for Abby to fall for him because he is seriously unlovable, but you will finally learn more about him and Evan's ex will put a dramatic spin on this story. Through all of that Evan still works at regaining Abby's love and trust, helping her find new heights not only in life but in the bedroom. We finally get to see moments of pure happiness for Abby. She will always miss her sister but her relationship with her parents is getting better, she is finding love and throughout all of the ups and downs, she is seeing Evan for who he really is.

You were sighing and sinking into the lake of romance weren't you? Well wake up and put the seat belts on because the ending of this book will have you screaming, crying and reaching for tissues and vodka. OMG how could an

author do this to her readers? If I wasn't invested in Evan and Abby before I sure am now. Kimberly how could you do this to us? You had better be hitting publish on book three SOON. Get your copies of this trilogy people, I have a good feeling that we will be seeing Ms. Blalock's name on the best sellers lists very soon with this kind of talent.

### **Philomena Callan Cheekypee says**

This is book two in a fantastic trilogy. I loved book one but this one had my heart thumping and sitting on the edge of the seat ready to grab the Valium.

I'm not gonna spill about the storyline just in case you haven't read book one. Let's just say I loved the main characters Abby and Evan. The secondary characters were brilliant (well most of them!!). You know when your watching a film and your shouting at the characters. That was me reading this book. From start to finish its full of suspense. Let's not forget the hot steamy sexy scenes too.

This was an emotional roller coaster of a story for me. The end... Oh my dayz... The end. I truly feel the author sucker punched me with that ending. I need book three yesterday. No jokes I so need it asap. Fantastic read that I highly recommend.

### **Amazeballs Book Addicts says**

Where to begin, where to begin. Oh I know, I WANT TO THROW MY PHONE/KINDLE OUT THE WINDOW!!! No really, I finished it and wanted to throw it and scream. In fact, I am pretty sure I did. Thank goodness for Lifeproof cases. HOLY HELL what a ride!!! If you haven't read the first book, His Angel, stop reading this right now and go 1 click it. Now, back to this one. I had every emotion known to man during this book. It both made my heart swell and break all within pages of each other. It is no secret that I loved Abby and Evan if you have read my review of the first one or if you talk to me as I seem to always bring these two characters up because well I just LOVE them!!! Ms. Blalock has a way about her writing that will send your emotions through the ringer. I mean, really I should have known not to let my guard down, but oh no I did and BAM...she straight up threw me for a loop. I am not ashamed to say I have stalked this author after reading the first and now I am majorly stalking her to see when she posts any little thing about book 3, because ummmmm.....I. Need. It. NOW!!!! Great job, Ms. Blalock!! Very well played now please hurry up and give me book 3. I need it yesterday!!! Oh and I will be buying all three in paperbacks to put on my LOVE shelf!!! These books are amazing!!! A HUGE 5 AMAZEBALLS stars!!! A copy was given to me in exchange for an honest review.

### **Cathy Guadagnino dotson says**

Part two was absolutely amazing. I received a copy of this book in exchange for an honest review. I was hooked from the first page.

This story is full of mystery, tragedy, suspense, drama, love, and heartache. For a debut novel Kimberly

Blalock is off the hook. I hated to go sleep not having finished this book. Leaving you with a total cliffhanger. I need the next book I'm having withdrawals already.

My Demons is an emotional ride from beginning to end. Kimberly definitely keeps you on your toes with Abby and Evan's story. Every page that I read just got better by the minute. It made me want yell, scream, cry and swoon over Evan.

The ending of this book is a total cliffhanger and I am patiently waiting for the next book to see where Evan and Abby go and looking forward to the other books that Kimberly is writing.

---

### **Annmarie says**

This series has blown me away thus far.

His Angel kept me enthralled from start to finish with its fast pace, action-packed storyline, steamy scenes, intrigue and Evan Young! Did I mention Evan Young? If you like a hot alpha male... this is one you NEED to read!

Going in to read My Demons I was a little apprehensive... I mean, how can any author keep the storyline going to such an extent that you can't stop reading and get goose bumps? Well I need not have worried. Kimberly Blalock has proven she is definitely no one-trick pony with this little gem.

It picks up where His Angel left off and continues to grab your attention with its drama, grit and brilliant characterization.

Kimberly you are now added to my 'must read author' list and I can't wait to see how Abby & Evans story will conclude.

---

### **Peggy says**

Just wow! A book that... Well, all I can really say is that this is the 2nd of the series and a series that is a must read! You will be glued! I'm telling, once you start this book you won't be able to put it down! I don't know how many sleepless night I have had telling myself just one more page, and it didn't stop there!

\*Received for an honest review\*

### **Keeley Retchloff says**

I was given and ARC of this book for my honest review.

I cannot say enough good things about this author. If you liked the first book, then you will love the second

book. The main characters Abby and Evan show their love is unconditional. You feel the happiness, sadness, and fear that these two go through in the story. The secondary characters are also well written and compliment the main characters very well. The sex scenes are so sensual and passionate. As Abby tries to decide who has her heart, Evan waits patiently for her to remember that their love is once in a lifetime. Through the sadness that Abby has gone through, Evan shows her that he is always there for her. His dangerous past becomes his present and he has to fight to keep the only woman he loves safe. In the end, Its Abby who saves Evan in more ways than one. The author has done an excellent job with this book. My only complaint is that the third book is not available yet. I cannot wait....

## **Rohina says**

### **ARC gifted by author in exchange for an honest review**

I WANT TO THROW MY IPOD OUT THE BALCONY!!!!

It's true! When I was done with the book I was literally sitting in a daze staring at the screen like an idiot and when I finally came back to my senses I wanted to scream the hell out!!

But I couldn't! Why? Because it was 12.30am when I finished the book. And I was sitting in my balcony, so yeah, you get the picture... It wouldn't have been that great.

So I did something better. I messaged Kimberly asking her whether she was serious about the ending? Because if she was, then it seriously warranted me getting on a plane and having a chat with her. A LONG chat!

And you know what was her reply??? Just take a guess.... LOL!!! No seriously. That was what she answered LOL \*shakes head\* Not funny Kimberly. Not funny.

If you are wondering what I'm going on about then you need to one-click this book!! But before that you need to one- click the first one! READ IT!!!

This book had every possible emotion that could be written. Hurt, anger, sadness, heartbreak, reunions, jealous alpha boyfriends and love. Lots and lots of love!! <3

I'm for a change not gonna say much about the book, like I did for the first one. There needs to be some mystery.

If you have read my review of the first book you will know that I loved Evan!!! Oh and Abby as well. They are just meant to be.

This book is suspense. It full of so many twists and turn. What more funny is that when this book was a WIP (work-in-progress) I had the chance to read a few snippets from here and there and the last bit of the ending which I totally loved when I read it the first time.

But HOLY SHIT!!! I was sure as hell not prepared for that ending! I mean talk about suspense, woman!

And really just bring out the 3rd book! No wait!! Not that quickly! Brin out after my exams. Yes. That would

do :)

PS. Kimberly. Thank you for writing those badass action scenes. LOVED THEM!!

---

## **Phoenix says**

I really liked the first book in this series. This one was still good is just was not as gripping as the other. The book is still very sexy but this time I found myself drifting some as I read and scanning some, too. The novel did was it was supposed to do which is be a bridge between book one and three. There are still some mysteries to uncover so I really want book three NOW! But I will have to wait and see. Still worth reading and still very intense in some places.

## **Victoria says**

Originally posted at Revenge of the Feels

*\*Thank you to the author for giving me an eARC in exchange for a honest review.*

If you thought His Angel was a feels-breaker and filled with an emotionally gripping story, just wait till you read My Demons and I can assure you, all these feels will be brought to a whole new level!

My Demons is a story that will not have you gripping onto the edge of your seat, but also have you biting your lips in anticipation!

Continuing from His Angel, My Demons goes more in depth into story and yes, Abigale Hayes suffering just makes me want to cry so much! Evan Young, the man who loves Abigale with all his soul and the man who is willing to die for her.

Once an asshole, always an asshole and Marco proves that point just fine!

Honestly, he's more than an asshole and I really thought that at some point, what he and Abigale had or more specifically, what he felt for her was real.

WHICH BY THE WAY IS NOT AND THE PRICE BOTH ABIGALE AND EVAN ALMOST HAD TO PAY WASN'T SMALL AT ALL.

I swear I was almost growling throughout the book! The emotions I felt for Evan and Abigale was so much more in My Demons and just when you think things are looking good and rosy, KABOOM!

Miss Kimberly Blalock has once again outdone herself and literally just bomb you with her writing! To say she left a cliff-hanger at this point...is an understatement.

Besides Evan and Abigale, I really love Natalia and the interaction between Michael and her! It's just so straightforward and funny!

Well then, it is highly recommended for HIS ANGEL readers to read this and please, heed my advice and prepare twice the amount of tissues, wine, chocolates because you'll need all the help you can get after reading MY DEMONS!

---

### **Erica says**

This is the second book The Angel Trilogy and it's one of those great stories that hooks you from the first few pages and begs you not to put it down until the very end.

My Demons has it's ups and downs, it takes the reader on an emotional ride. Some parts will make you laugh, some will make you cry. Then there's the added bonus of a little mystery tossed in the mix but it all works, it flows and is well written.

I look forward to the third book in the series.

---

### **Erin Paige Bixby says**

OMG!! This story just keeps getting better! Abby & Evan forever! The characters in this story are simply amazing. There is so much going on and Kimberly manages to pack so much detail in there. I laughed and cried throughout this book. This was a very emotional read. Some parts were uplifting and some were heartbreaking. The story ends, as with the last book, with a surprise twist. I am very excited to see where this story will go next.

This author should definitely be on everyone's "to be read" list!
