Ripper's Torment

Sam Crescent

Ripper's Torment Sam Crescent

A late night phone call was never supposed to cause so much torment.

Ripper will do anything for Chaos Bleeds, including cleaning up the Princess's mess. When Judi calls him without thinking he answers and soon he has a dead body to hide, and a car to destroy. He will do everything in his power to protect the young woman. What he didn't expect was the lust that hits him from being around her.

Judi never expected to sexually want a man after being used by a pimp. Devil and his crew saved her from hell but Ripper is throwing her head first into heave. Ripper's touch makes her crave everything she'd given up on.

However, Devil adopted Judi as his daughter. No one touches or hurts the Princess of the club. What will he do when one of his most trusted men has claimed her for his own?

Monique says

Rating: 3.5 Stars

This story picks up right after *Devil's Charm* when Judi (aka 'Princess', Devil's adopted daughter) calls Ripper (Chaos Bleeds MC member) to help her 'clean' up a mess. From this point on, Ripper starts feeling something more than brotherly love for Judi. As with all Motorcycle Clubs, the President's daughter, adopted or not, is off-limits. Period. That's the long and short of this book.

I enjoyed the basis for the story. It was not new and most motorcycle club series typically have a book about a MC member falling for the 'do not touch' President's daughter. No surprises on the angst, it was totally expected. Both Ripper and Judi's love connection felt real and true to me. I did not feel that it was rushed because they already knew each other. We also learned more about their background which added to their chemistry. Speaking of chemistry...the bedroom...wow! The intimate scenes could make your toes curl!!! Looks like Curse and Mia's tale is up next and I can't wait to read it. Another easy, edgy and sexy MC book!

Why Not 5 Stars?

There was plenty of sheet heat between Ripper and Judi...good and plenty. However, I think the story needed more moments with them outside of the lust. I wanted to read more about their relationship.

Perhaps it also needed some additional drama to go along with 'If Devil finds out he is going to kill you'. Maybe a new threat against he club, to Judi, Ripper, Devil. It just needed a little somethin' somethin'.

Sara says

Perfect.....BUT the biggest issue I have is SPOILERS. So I followed the timeline that Sam set up and Zero was to come after this one and then they told about something that happens in ZERO a book I am suppose to read next. So I;m a little pissed off at that. I don't like reading about a spoiler of an event happening in another book that I could've read before this one. That is why as much as I enjoyed the story I hated to spoilers so one less star.

R says

He is by far the best dirty talking biker

Kimberly Morrow howe says

Loved it!

I loved the story of Ripper and Judi! I am so glad Judi got her happy ending. I am so eager to read more of this series! I love when an author creates an alternative universe and you can submerge yourself somewhere else! Loving it!

Ripper's Torment is the second book in the Chaos Bleeds MC series by Sam Crescent. This book is part of a series and is best read as part of the series and not as a standalone novel. Also, if you have read The Skulls series this book does mention characters and events from that series in this series, especially events from the book Zero by Sam Crescent. I chose this book because I enjoy reading Sam Crescent's novels.

Judi is the adoptive daughter of Devil. He wants to protect her and give her the education she deserves since he rescued her from being a prostitute. He seems to want better for her than what she has had. Judi seems to have trouble coping with her past and recognizing she did not give consent for what happened to her. Judi seems to have very low self-esteem and seems to be shy.

Ripper is a member of the Chaos Bleeds. The more time he seems to spend with Judi, the more he wants to protect her and help make her life better. He manages to get the story behind how she ended up as a prostitute. I loved how he wants to get revenge for what happened.

The chemistry between Ripper and Judi is explosive and a great match. I enjoyed how Ripper let Judi come to terms with the relationship before they told Devil. He did not push or rush her in any way.

I loved this story and how it intertwines with another series Ms. Crescent writes. This story is well written. This book is much better than the first book. The main and secondary characters are realistic and appealing. I loved that it gives a better picture of Devil and Lexie (main characters in the first book) as well as some of the other secondary characters. Overall, this is a great book. I can't wait to read next book in the series.

So far I am not impressed at all with this spin off! This spin off series is not really action packed or adrenaline filled like The Skulls series is. The Chaos Bleeds MC are supposed to be so bad ass, I mean all of The Skulls members fear them a little, but I find them to be very tame compared to The Skulls. Their stories are more about settling down than anything else. Nothing dangerous or exciting happens. The most excitement in this book was the secretive relationship between Ripper and Judi. All the sneaking around, almost getting caught, doing it with Devil right next door, that's basically it.

Still it was a cute love story, especially after all the horrors Judi went through in her young life. It was also nice that she was focused more on finishing school than getting knocked up and having a ton of babies. She's still quite young and while she is already married her head is definitely in the right place. I can't stand it when these bikers marry these young ass girls and then proceed to just make baby factories out of them, Devil and Lexie are the perfect example. I wouldn't be surprised if by the end of the series he done knocked her up about ten more times...nothing cute about that....

Tara Mcnally says

Ripper is my favourite in the chaos bleeds series and was a little disappointed with it, not enough is learnt about the man, not a lot happens in this book - he see's girl he likes, gets her, the end! No drama/action. But it is very enjoyable!! To be read AFTER 'Zero' or it spoils the whole book!!

my little note to the author though...

Lay of the skinny girls! Seriously! Your so full of contradictions with your characters its bit of a pain to read and I actually nearly put this book down!! There is nothing wrong with a fuller figure and curves are beautiful! (I know this! I am curvy and I think even Kim K would be jealous of my bootie I work hard for!!) Yet not one of your characters have been happy with their size - Either they where skinny and unhappy then they gain weight, have rockin' curves and are seriously self conscience!!

Megha says

It's just awww :)

Brandi says

It was all a bit rushed for me but I did like Judi & Ripper together.

Not sure I was a big believer of Ripper's "Torment". I get that he was conflicted. I get that he doesn't think he should have her after all that she's been through and of course I don't think he's a monster. But geez, Ripper... Being horny for someone you think you shouldn't have does not equate to torment to me. It might've been more convincing had you NOT screwed Ashley.

Not a fan of the whole "You're mine. No Man goes near you at all. No dates, no flirting, nothing." And then Ripper holds Ashley when she jumped into his arms and then agrees to go to the strip club (stating this in front of Judi)... and actually ends up going there. You lost points with me there, Ripper.

And how come Devil didn't find out things sooner? Didn't he have cameras all over the flippin' place, like he mentioned to Judi in the beginning?

Sweet HEA for the couple. Curious to find out what happens with Curse & Mia.

Side Note: WTF is up with the Skulls women getting shot at all of the time?! This particular Skulls heroine had better be okay when I get through with Zero's book or I'm gonna be ragin'!

Gucci Girl says

5 Stars

Ripper's Torment...absolutely loved this story, it was raw and dirty. Ripper is dirty talking alpha, who falls hard for Judi. Judi is Devil and Lexi's adopted daughter, she has had a rough few years and she is starting to find herself. Judy's past comes back to haunt her she will take matters into her hands with the help from Ripper. He will cover for her and fall in love with her. He may not say sweet things or give her flowers and chocolate but he is honest, raw and gives her orgasms that will leave you breathless. Judi will break out of her shell, fall in love with Ripper but she won't tell Devil because she is worried of his wrath. Ripper wants the world to know who she belongs too, but he will respect Judi's decision.

Well let's just say when Devil does find out things will get heated. Ripper will give up everything for Judi even walking away from the club his entire family. Book two of Chaos Bleed is a great addition to this series and I can't wait to read Cursed. Happy Reading! I ?

Leeann Pule says

Forbidden love

After helping Judi out with a huge mistake, Ripper has to face the facts, he wants Judi. The journey to love for them is easy except for the fact they are hiding it from Devil. Will they come clean in time to be together or will it end before it truly begins?

Debbie "Buried in Her TBR Pile" says

A lot of repetition in the first 30%. Just didn't grab me.

Amber says

:(Poor Angel ... aww I mean come on first she gets shot then she gets hurt again and loses her baby now she has been shot again I really like Angel it made me cry to read that the Skulls were being hurt don't get me wrong I love the Chaos Bleeds group but the Skulls are my MC favorites and well awwwww come on no more hurting the Skulls they need a holiday break from people trying to hurt them that being said I loved Rippers story I am glad he got his girl in the end though I think you missed out on the chance to make things even bigger because Devil had cameras in the kitchen and they were in the kitchen doing you know what so I was looking forward to Devil seeing the videos and going crazy lol ... I always knew in the end our love birds would be together but I was looking forward to that ;) I LOVE these MC books I can't wait for more to come and Zero can not be released fast enough for me to be happy ... lol
