Terry Goodkind

**Siege of Stone** Terry Goodkind

**The ramifications of *Shroud of Eternity* extend throughout all of the Old World as familiar allies, dangerous magic, and creatures created by twisted sorcery all work at cross purposes to either save or destroy Ildakar in Terry Goodkind's *Seige of Stone***

The Sorceress Nicci, the Wizard Nathan Rahl, and the young swordsman Bannon remain in the legendary city of Ildakar after a great internal revolt has freed the slaves and brought down the powerful wizards council. But as he fled the city, capricious Wizard Commander Maxim dissolved the petrification spell that had turned to stone the invading army of General Utros fifteen centuries earlier. Now, hundreds of thousands of half-stone soldiers from the ancient past have awakened, led by one of the greatest enemy commanders in history.

Nicci, Nathan, and Bannon have to help Ildakar survive this unbreakable siege, using all the magical defenses of the legendary city. Even as General Utros holds Ildakar hostage and also unleashes his incredible army on the unsuspecting Old World, an equally powerful threat arises out in the sea.

Nicci knows the battle won't remain in the city; if she can't stop this threat, two invincible armies can sweep across the Old World and destroy D'Hara itself.

# From Reader Review Siege of Stone for online ebook

## D.dan says

My rating system.

\* Probably didn't finish and I finish 99% of the books I start.

\*\* Not a fan. I finished just on principle.

\*\*\* Pretty good and worth the read.

\*\*\*\* Above average. If there is a sequel I will read it.

\*\*\*\*\* Created a good memory, very informative and I may actually read it again one day.

---

## Karen says

Nicci and Nathan are still on their mission from Richard Rahl to spread the word when they became stuck in Ildakar which has reappeared after 1500 years. This novel picks up where the previous one ended. The city is under attack from General Utros's newly awakened stone army. The wizards and sorceresses are trying to come up with solutions. I enjoy the characters and escaping into another world.

---

## Douglas Gould says

### A great read

As usual, the author has created another epic that will capture you from the beginning. This novel sets the stage for many new adventures and a conclusion that I am sure will keep the reader enthralled.

---

## Irvin Russell says

### A great book to read.

Once again you write a great book to read again like you always do, you leave me wondering what is going to happen next. You have done it again a book that leaves you wondering what will happen next. I am looking forward to your next book.

---

## Karla Schneider says

This book is better than the first two, but the escalating events gives a Lord of the Rings feeling to it that's alien to this series. Still, I'm really glad this series exists despite its ups and downs, I can't just drop this series after 20 years.

---

## **Ojo says**

A thrilling end made up for a lack of real suspense all through, but it's still getting just 3 stars from me.

The author's style of writing every book as a standalone is a big convenience, as there's hardly any need to go back to previous books for forgotten bits of plot and action.

The story is much less intriguing, however. The storytelling is good enough, with the simple, easy writing ensuring a swift read. There's not much by way of real suspense until the final few pages. I felt tempted to add one additional star, but I thought it would be unfair to the books I've rated 4/5, so there you go...

---

## **Steven Wendell says**

### **Another great book by Goodkind**

Once again Goodkind takes us into a very complex world full of excellently conceived characters, sprawling cities full of detail, unknown lands and cultures, powerful new enemies, and massive ever changing military situations. Lots of familiar, well developed characters from the Sword of Truth series have converged in a new continent (which is technically the "old" one) along with some new faces who bring unique personalities and talents which makes for lots of new possibilities in this series. I think the books have just been getting better since the start of the series so I'm really looking forward to what comes next.

---

## **Robert says**

### **Terry good kind does it again!**

I have read his First series and this one does not disappoint. With old and familiar characters, and new and interesting ones I have come to love, and am now waiting with baited breath to read the next installment.

---

## **Gordon A says**

I loved the Nicci Chronicles & this book especially, but the ending is puzzling. Amazon advertise this as book 3 of 3, but the ending does not seem to be an ending of a series. Terry Goodkind is somewhat repetitive & this book is nowhere near as good as the early Sword of Truth series were, but still well worth reading. My big question is does Terry intend to write further books in this series or is he just going to leave it in mid air???

---

## **Michael Otto says**

As t

As the subtitle says this is The Nicci Chronicles part 3. I thought had good development in the plot of telling the story making me want a fourth book be on the near future horizon.

---

### **Mahadev says**

Now that I am reading Terry's books through the lens of #MeToo and current lack of consistency in the conservative movement -- morals easily cast aside for convenience of wins in a different arena, I have confirmation that he writes from a super misogynistic perspective (female characters are strong - only because they survived violence against them - rape, being beat up and abused)

The plot continues to be interesting. The characters keep disappointing.

---

### **thebonebreaker says**

After reading Shroud of Eternity (Volume 2 of Goodkind's 'The Nicci Chronicles'), I was slightly concerned that Siege of Stone would seem just as repetitive. I need not have worried! Not only is this book the best of the series so far, it is right up there with some of the best of the Sword of Truth series as well.

This one is perfectly paced and an extremely exciting read. The next book cannot come soon enough!

---

### **John says**

I know that Mr. Goodkind isnt everyone's cup of tea but something about his books always keeps me coming back for me.I think part of it is the main characters in his books never have a easy go of things.Their struggles become the readers struggles.The sheer variety of enemies in this one kept me turning page after page.I love that the battle scenes are brutal and anyone could die at any moment.Considering how many Sword Of Truth books that have been written the author always finds a way to introduce what i believe to be a interesting storyline.I be lying if i didnt say i cant wait for the next installment in the series.

---

### **Michelle says**

The Nicci Chronicles are a lot better than the last Richard & Kahlan books. I spent those doing a lot of "wait what?" but read them anyway.

My irritations over the series is that I'm tired of reading about Nathan being a peacock, Nicci's time as a SoD or her black dress, and any mention of Richard.

I do feel like Bannon is the true star of the series.

---

## **Donna says**

**OMG I'm sick. With worry now.....**

I'm so worried about where Nicci is, what's gonna happen to Bannon and his Morzadeth.. And let's not forget ALL of the other's Nathan Rahl, Prelate Verna, the memmors and the sisters of light and also the Ildakarians they're naive about the world as it is today.. and how long will Ildakar stay shrouded. I think they got some monsters enshrouded with them. That should be interesting.. we'll DEFINITELY see WON'T we.. can't wait. I have so many Questions ..Okay.
