## **Sugar Plum Kisses** Melissa Blue

Twelve days to entice her...

Two years, two missed opportunities and Blaine Tucker refuses to have another chance pass him by. This Christmas he's going to risk it all to have Simone Michelson. Unfortunately the woman of his dreams, his wants and desires ties his tongue into knots. She's kind, sexy and funny as hell. Even if she could see him in a new way, he's not sure if the heartache of her past will stand in their way. There's only one solution: entice her with gifts. The kind of gifts that don't say he's a nice guy. A nice guy who also happens to be her boss.

Who in their right mind would take one look at Mousy Simone and want to leave her seductive gifts and love notes? No one she can think of. She hopes like hell it's Tucker, but if he felt anything for her, he'd have said it by now. The man could smile at any woman and get her to forget her name or morals. He's vibrant and she's drab. He's nice and she's prickly. Even if her Christmas wish came true, how could she trust what he felt was real?

Together they must face their fears and doubts to make this year's Christmas unforgettable.

**L.V. Lewis says**

SUGAR PLUM KISSES - HOW SWEET IT IS!

If you buy only one short Christmas story to get you in the holiday mood, you should definitely make it "Sugar Plum Kisses." I ran across it in one of my meandering internet crawls, when I'm not looking for anything in particular, but something particularly good all at once. Melissa Blue's story jumped out at me because I'm a writer of IR romance myself, and I'm always interested in stories like my own.

As I read this wonderful little story, I was first drawn in by the most clever, realistic banter I've read in a very long time. Ms. Blue has a skill that many authors struggle with: crafting believable, authentic dialogue. It seems effortless in this story (and one of her Cupid Shorts I've read). So, I guess it's safe to say, Ms. Blue has found herself another fan in me!

Sugar Plum Kisses is so short, I won't bother writing a synopsis because the one provided for the story suffices. What I will say is, you won't be disappointed by this sweet story. The female protagonist struggles with coming to terms with her mother's death in the midst of harboring a huge crush on her boss. This is conflict at its zenith. Read to see how Simone and Blaine come to terms with their shared, yet somehow unrealized mutual affection.

If I had one nitpick, it would be the story was too short. Another uber hot scene with Simone and Blaine might have been in order. Ahem.

**UnusualChild{beppy} says**

synopsis:

blaine has a crush on simone, simone has a crush on blaine. neither thinks that they are worth the other one. after the office secret santa draw, simone starts to get meaningful presents, something that mean a lot to her. she can't figure out who would know her so well that they could give her all that she wants.

what i liked: the premise. in spite of all the insecurities flying around, blaine and simone are interesting characters. i liked the reveal, and that blaine took the time to get to know simone. i didn't feel as though there was anything missing, even though the story was short.

what i didn't like: not a lot. quick holiday read.

**Deloris says**

Cute.

---

**Brandi says**

Just didn't grab me. Clichéd story but it had potential that it just didn't live up to.

---

**Nyimah says**

For a free read I can't really complain. The plot was a bit simplistic and the characters a bit over dramatic. But it was quick read that kept me engaged.

**Kathy says**

Loved it, really cute and I like the IT guy..

---

**The BookChick says**

Not a bad story. Had some very sweet moments. Something just seemed to be *missing* in it that would have made it a great story. Overall it was enjoyable.

**Kim says**

This was a sweet little read with spunk and lots of laughs. I enjoyed the not so in you face love that Blaine and Simone shared. Their side kicks were equally impressive. If your looking for a quick witty read this one is for you.
