## **The Demonata Vol. 3 & 4: Slawter & BEC** Darren Shan

The king of horror's demonic symphony in ten volumes, now available in omnibus editions – each containing two titles in the spine-chilling Demonata series.

Slawter:

Nightmares haunt Dervish Grady since his return from the Demonata universe. When a legendary cult director calls in Dervish as consultant for a new horror movie, it seems a perfect excuse for a break from routine and a chance for some fun.

But being on the set stirs up more than memories – and soon, the Slawter commences...

Bec:

As a baby, Bec fought for her life. As a trainee priestess, she fights to fit in to a tribe that needs her skills but fears her powers. And when the demons come, the fight becomes a war.

But the final conflict demands a sacrifice too horrific to contemplate...

### **Christian says**

I reviewed Slawter already. I ordered the Omnibus edition but I already completed Slawter, so with this book I dove right into Bec. Bec is a bit different to the books that preceded it in the Demonata series. It centers around a young girl Bec, who is adopted into a tribe. Its been a while since I read it but I remeber it having a lot of action and was set in a a sort of Viking/tribal setting. Bec was probably my least favorite of the series, just because it was set at a very different time period. Just because it was my least favorite, does not make it an less important. This book really sets a foundation for a lot of characters in the series. I would give Bec a 3.5, but because this is the Omnibus version including Slawter, I would rate book a 4.5 as a whole.

Would I recommend it? Definitely recommend it to all the Demonata fans. Don't skip any of them! Going to start Book 9 soon!

### **Siobhan says**

The Demonata series is a wonderful read. From the start until the end, you'll be gripped, with the storyline being intricately woven throughout the books. Whilst it may seem, at the start, as though the books are telling different stories such is not the case. Everything is brought together wonderfully and you cannot appreciate the magic of the series unless you work your way through it.

Without a doubt, one of my favourite reads from my later childhood.
