I absolutely loved this book! Book 1 is complete! While reading I smiled, cried ad aw! Starting book 2 now because I can't wait to see what is next! Dante reminds me of Christian and I like Dante more!

Becky Rendon says

The Hart family is a loving family with pasts that set them apart from the rest of the world. A traumatic beginning and blessings that seem to abound change the lives of these people. Finding love, some in places they never suspected, changed the whole family. Its your turn to share in the ups and downs of the Hart family.

Tissues are strongly suggested. Cursing at your book/kindle completely acceptable as long as you aren't in public. Please refrain from throwing your book or kindle as you will most likely lose your page, resulting in far more anger.

A wonderful family and heart wrenching stories...

Donna says

Dante and Damien Hart were never wanted or loved by their parents. They were routinely mentally and physically abused, but as bad as these two boys had it, Spencer Cross had it worse. Their parents were friends and spent a lot of time together getting into all kids of depravity. When Dante was seven and Damien and Spencer were four, the Harts brought two more children into the mix, Delilah and Dominique, twin girls. The adults had no time for them either so their care fell on all three boys. These five were everything to each other.

Sabrina and Brooke Tyler were raised by loving parents but when Sabrina was twenty three and Brooke twenty their parents were killed in an auto accident. For that moment forward Sabrina felt it was her responsibility to take care of Brooke. Her sister was still in college so Sabrina needed to find a good job so that she could pay for Brooke's education. Luckily for her she was hired by Hart International and it wasn't long before she was promoted to be the assistant to Dante Hart.

Dante, Damien and Spencer all have terrible issues due to the way they were raised. None of them feels capable of being in a relationship and are all sworn bachelors knowing they would never be good enough to be a good husband or father. Honestly this part of the story line is predictable. Three wounded men not good enough for the wonderful woman whom they fall madly in love with until she convinces him otherwise. These four books are full of angst to the maximum, however there is much, much more waiting to pop up and throw a curve ball right in the face. I was in shock with the revelations that come about, shocking! I am anxious for the next book so that I can find out what will happen. If nothing else these books are worth reading for the sex alone! Ella Fox writes some of the HOTTEST sex sense around. It's like being on the sun

and in hell at the same time only hotter, WOW!!! I give these books 4.5 stars with 5+ hands down the pants. I recommend reading Broken Hart, Shattered Hart, Loving Hart and Unbroken Hart.

***** I received an ARC copy for an honest review *****

I just finish reading this series, and let me just say this is one HOT, SEXY series, O.M.G. I couldn't get enough of it.

LET ME START BY SAYING THAT THIS REVIW IS FOR ALL 4 Books.

I love and enjoy this series, this series is fill with Romance, Great sex, I have to say that this books had me crying, sometime it had me angry, sometime I couldn't keep the smile out of my face, and I love every single minute of it, I read this series in one an a half day cause I couldn't put the books down I was not Expecting to love this series this much.

I love the characters, I love how the Hart Family is really a great Family, from the Hart family we have Dante, Damien, the twins Delilah and Dominique, than we have the honorable brother Spencer, and Aunt Sandra, than we have the Tyler's sister Sabrina and Brooke.

I love it how this mess up Family turned out to be so great, and how they welcome the Tyler's sister into their life, and love it how each of the man keep telling them self that they would never fall in love, Oh how wrong where they. I love it how each book will tell you from the begging of their life what they when through while they where kids and what they did to survive and protect and stay strong for each other, this is a series that you need to read from book 1 to understand it more.

Book 1

Is Dante and Sabrina story, their story begging with Sabrina running late for work, on the way to her job she droved her sister car, and she had to end up pulling on the side of the highway, since her sister car run out of gas, that's when she end up calling her Boss, who is also her Best friend and the man that she is head over heels in love with Dante.

Once she told Dante what was going on he when to pick her up, that's when Dante confronter her why was she not spending time with him anymore, and what was going, Sabrina told him what was going and she invited him to a dance competition that she was part of, on the night of the competition the family was supposed to meet up at Dante house, but at the end the only one their where Dante and Sabrina, and what was that for let me just say that they had A WILD CRAZY NIGHT OF SEX.

I love the chemistry that this two have for each other, and love it how Dante show Sabrina how much he love and protect her, they went through a lot but at the end they made it work.

Book 2

Is Damien and Brooke story, from the first time that Brooke met Damien, she knew he was the one, the same

thing with Damien he knew she was the one, but with the mess up childhood that he had, he knew that he couldn't give Brooke the happy ending, when Damien thought that he was not gone see her again he felt relieve, but how wrong was he, Brooke became best friend with the twin, so that mean that when everywhere the twin where Damien was there.

The chemistry that this two have for each other is Hot. when they started to see each other and Damien kept reminding him self that he was not for her, one night they got hot and when Damien was about to go all the way he found out that Brooke was still a Virgin, after that he tried everything to stay away from her, they both when through some broken heart, I have to say that they made me cried.

Book 3

Is Spencer and Delilah story, I love how this book started cause it tell you how much this two love each other from the time they where kids, it give you a look back at what Spencer when through, and how the years pass by and Delilah always said that they where soul mate.

Delilah wanted her first everything to be with Spencer, her First Kiss, First Orgasm, First Broken Heart, Her First Time, it all happened with Spencer, when Delilah knew that she was ready to lose her virginity she show up at Spencer house, and she told him what she wanted, Spencer agree with one condition, that after she becomes his that she had to spend One month with him, and she agree with that, after that month Delilah when back to collage and they agree to wait into she graduate, but those two years took for ever they wen through a lot of fear broken heart disappointment, but they made it though.

Book 4

Is Dante point of view, I love it that in this book you get to read what was going through his head. and read about his childhood, his fears and really get to see how much he loves his family.

I really enjoy this series, and cant wait to read the rest of this series, I love it how you get to read it from both point of view, I hope that once you read it that you get to enjoy it and love it as much as I did.

RebeccaL says

The first book was an ok read for me. However, up to the second book, I am tired with how all the heros are so bend on not committing themselves to the heroines but unable to stay away. This type of stories is getting a bit "old" for me. The heros have no problem loving their family members but gave a thousand reasons why they couldn't offer the same love they are capable for the heroines.

Michelle Bowman / We Love Kink .com says

I read each of these books separately before they were a set. Here are my individual reviews:

Broken Hart (The Hart Family, #1)

4 stars

I absolutely loved this book. The characters were awesome and the storyline was great. Sabrina becomes Dantes assistant after his long time previous one leaves. She is only a lowly admin at his family company but because he is so hard to work for no one seems to last. That is until Sabrina meets him. She takes no nonsense from him and they work well together and quickly become friends.

They have a lot of the same interests and both believe in the value of family. Sabrina only has her sister after both of her parents died in a horrible car accident so they are extremely close. Dante has his sibling and his aunt and nothing can tear them apart. Sabrina and her sister soon become part of the hart family.

Even though both Dante and Sabrina have been attracted to each other from the start neither one have ever said anything. They don't want to mess up their friendship or the families well being. That is until one night when things go a little too far and they can't turn back.

Dante doesn't do relationships because of a rough past, but Sabrina has seen what love can be like watching her parents her whole life. How will they be able to negotiate a sexual relationship with this difference of opinions.

This is a smokin' hot book and the sex scenes are off the charts. Be sure to have a glass of ice water near by. Not to drink but to pour over your head when you overheat.

### Shattered Hart (The Hart Family, #2)

3 stars

This is the second book in the Hart family series and it is just as Hot as the first. I mean I guess you can count on that from the Hart brothers though. In this one we get a closer look at Damien, Dante's brother and Brooke, Sabrina's sister.

The two of them have a an electric connection since they first met but have kept it hidden from the rest of the family. I don' want to give away many details so I am going to keep this short and sweet. Les just say that Brooke wants a loving relationship but even though Damien Loves her he doesn't want to get involved with her. To his way of thinking he is doing whats best for her. So its really sweet even if he is being a stupid man !!!

You can expect you e-reader to light up in flames with this one too so be prepared.

~~~~~

Loving Hart (The Hart Family, #3)

4 stars

This is the third book in the Hart Family series by Ella Fox and she has done it again. I am in love with this family now. I seriously want to know everything about them. This story revolves around Spencer and Delilah although we get to see the rest of the family too of course.

Spencer is Damien's best friend and an honorary Hart sibling. he grew up with Dante and Damien and helped care for the twins from the time they were born. Even though he loves Dominique he has always had a special connection with Delilah. Its like they were two halves of a whole.

Delilah has love Spencer for as long as she can remember. She always knew they were going to end up together. But she wasn't prepared for some of the rocky parts on their road to forever. Even though she had horrible parents she was brought up knowing love from Her 2 older brothers, Spencer and later on her aunt. However Spencer never had that. He has known nothing but heartache his whole life. Now she must show him that its ok to love.

Even though this is a very sexy story it also sweet and heart wrenching at this same time. The author really puts your emotions on a roller coaster with this one.

### Unbroken Hart (The Hart Family, #4)

4 stars

I love Date. I was so happy to read this book and get more Dante and Sabrina. After all they are the ones that started this whole series. Even though this is a short read it is jammed packed with emotions. We learn more about what Dante went through as a child and what shaped him into the wonderful man he is today. We also learn what was going through his head when Sabrina first stepped into his office. This is a great short read that ties up a few things and leads us into the next book of the series.

This is a wonderful series! I highly recommend this series. Loved all the characters, but I think I loved Dillon and Dominique in their own way. Loved how they had a horrible childhood but totally turned all their lives around in a positive way. I liked that all the males were Alpha's!!

---

## **Kari says**

Okay, this is a bit hard to review all four books at once... I liked the story, and the characters, but they were VERY redundant. Each book is about another one of the family member getting together with a significant other, whether it be from HER POV, or HIS, I didn't like the way each chapter, as well as each book back tracked into the story/chapter/scene previous to it. If I just finished reading a chapter with HER POV, I DON'T need to read the EXACT same scene again in HIS POV. It gets boring, and it took me longer to read these books than almost any other series, just because I knew what was going to happen, so I wasn't dying to keep reading to see what was going to happen. Again, this is an okay story, with very likable characters, and I will be reading books #5, and #6 to finish the story, but not a series I would come back and re-read, or really recommend to another person.... BUT, with that being said, the sex scenes are GREAT, and HOTTTTT, just maybe a few too many of them, when there could've been more story instead.

## **Wendalina says**

The Hart family is such a tight knit unit but you'll learn they aren't as open and honest as everyone thinks. These books are seriously HOT! and the story behind them, makes you love them more. Ella does a fantastic job of bringing YOU into the book. I felt if though they were my family. Everyone has their "flaws" and insecurities, but in the end as long as they have eachother... they can conquer ANYTHING!! Read it to find out!

## **Vixster says**

Only managed to 5%, don't like the authors voice

---

## **Lorie Berger says**

I read each of the books before it was sold as a set and really loved them all. These were not just filled with sex and no story behind them . These books are about family and love and fighting for both sometimes after living with impossible pain and conditions. These books will leave you with wanting to have more of this family.

---

## **Claire says**

Ok book one finished and OMG how frigging HOT was that loved it. The chemistry between Dante and Sabrina just seeped through the pages. Book 2 here I come.

The story of Brooke and Damien was brilliant I really enjoyed the insights of what was already told in book one. Yet again a can't put down read.

---

## **Corina BookTwinsReviews says**

Wouldn't have thought that there is something like too much sex. In this case it annoyed the hell out of me. I skipped a lot of the sex scenes, and tried to ignore the hundreds of f\*\*\* you this and f\*\*\* you that. So, only 2 stars.
