Un océan d'amour Wilfrid Lupano (Text) , Gregory Panaccione

Cada mañana temprano, Monsieur sale a pescar por la costa bretona. El día en que comienza esta historia, Monsieur sufre un terrible percance: un gigantesco barco cisterna le engulle. Mientras, su mujer le espera en casa pacientemente, como ha hecho toda su vida. Monsieur no aparece, así que la intrépida esposa decide emprender su búsqueda. De esta forma da comienzo una peligrosa aventura por el océano.

Lejos de cualquier pretensión metafísica, esta novela gráfica firmada por Wilfrid Lupano y Panaccione convierte la travesía del naufragio en una reflexión sobre los abusos que sufre el océano, lo que lo transforma en un libro que rezuma sensibilidad ecológica.

Una bellísima novela gráfica muda sobre una historia de amor salado contada a través de sorprendentes ilustraciones, en un ejercicio narrativo singular y evocador. Una joya.

Galardonada con el Premio de Cómic FNAC Francia 2015.

La historia nos narra cómo Monsieur y María, un matrimonio ya en una etapa cerca de la vejez y que vive en un pequeño pueblo pesquero; durante su habitual jornada laboral como pescador, el barco de Monsieur es engullido por un gigantesco barco cisterna. Tras varios días agonizando, María decide partir en busca de su marido.

Esta novela gráfica es premio Fnac 2015, y aparte de narrarnos una historia especial, nos deja un manifiesto de fondo a favor de la protección de los océanos. Por un lado tenemos ese sentimiento de amor entre el matrimonio, un amor maduro y tierno, acostumbrado a la rutina pero que se necesitan día a día; y por otro tenemos ese amor por el océano, mostrándonos los terribles abusos que están sufriendo en pos del progreso.

Es una obra muda, y ahí reside su encanto. Es muy difícil transmitir a través de viñetas mudas, con mil y una situaciones dispares, llenas de dobles lecturas y críticas. Por ello aplaudo el planteamiento y la ejecución de la obra, la expresividad y el soberbio coloreado de cada viñeta es alucinante, dotando a los personajes de gran expresividad gestual, además que su narrativa visual no te deja perder detalle. Desfilan a lo largo de las páginas pesqueros gigantes, guardacostas corruptos, piratas, petroleros y mares con residuos de plásticos, mostrándose como eslabones de una pequeña cadena planteada así adrede, para ver a donde nos están llevando nuestros actos.

Aunque no te gusten las novelas gráficas o cómics creo que es una buena incursión en este mundo, además de la espléndida edición grande (con rocosas tapas duras y papel de muy buena calidad), nos encontramos un cómic que en cuanto a mensaje y apartado gráfico es excelente, además del buen prólogo de Paco Roca.

Questo volume è la prova che i maestri del fumetto non hanno bisogno di *parole* per raccontare una storia d'amore. Lupano e Panaccione creano una storia deliziosa fin dalla copertina, la consiglio senza riserve soprattutto a chi sia appassionato di storie dedicate al regno di Poseidone.

"Quoi, Lupano? Le mec des Vieux Fourneaux? Banco!"

C'est comme ça que mon histoire avec Un Océan d'amour à commencer. J'aime bien piocher des BD sur des critères rapides, sans trop y réfléchir. Parfois ça finit bien, ces rencontres-là.

Et cette fois-ci, ce fut un énorme coup de coeur.

C'est une BD sans un mot. Mais avec beaucoup d'humour, pas de l'humour pouet pouet boum, non, quelque chose de plus subtil, un peu de second degré, un petit truc bourré de charme.

Il y a aussi de la poésie dans cette histoire de marin perdu en mer, de bigoudène explorée, et de passion discrète et décidée.

Il y a des rebondissements, de l'absurde, et un petit message écolo.

Les dessins sont magnifiques, le rythme et la mise en scène parfaits.

C'est beau, évocateur, drôle, tendre, intelligent. Que demander de plus?!

JE NE SAIS PAS PAR QUOI COMMENCER. C'était tellement bien !

J'adore le style graphique, pour commencer. Le fait qu'il n'y ait aucun dialogue n'est pas un problème non plus. Je l'ai ouvert et je ne me suis jamais arrêtée jusqu'à la toute dernière page.

Le couple de cette brave bigoudène et du pauvre pêcheur est mon couplé préféré de l'humanité entière, je crois. C'est adorable. Je les aime. Je veux les serrer dans mes bras. Le scénario est complètement délirant mais on voudrait que ce soit crédible. Oui c'est possible, ça pourrait arriver. C'est tellement drôle !

J'ai envie de manger des crêpes.

A Sea of Love is an amusing wordless graphic novel with utterly gorgeous illustrations.

Each morning a doting wife sends her frail-seeming old fisherman of a husband off to work. One day things go a bit astray for the husband when his boat gets tangled up in the lines of an enormous ship.

One thing leads to another and he finds himself adrift and alone at sea. Concerned when he doesn't return home, his wife refuses to give up hope that she'll find him, and eventually she hops on board a cruise liner to go find him.

Alternating between the husband and wife, we see the story slowly unfold as each spouse tries to find their way home to each other. The lovely illustrations made this a joy to read and the wordless story means that just about anyone of any age might enjoy this.

Make way for the cutest comic of the year thus far, everyone. This is also so lushly and gorgeously illustrated that I couldn't pass it up!

I love love love comics with no words in them. Simply because it tells a story similar to a small movie, and must rely only on show and not tell.

The Sea of Love: And you think babies are cute. Just look at this old man!

It begins when an old man gets a lovely breakfast, presumably from his wife and then turns on his radio to hear about the weather. I just LOVE how the medium of silence is used. There is so much more emotion to look for in the characters' eyes and so much to deduce from the environment.

The antics between husband and wife are so sweet and serene at the beginning. She packs him his lunch and sends him off to his fishing trip. This is a story of their simple life - their simple love and the sea.

I can't refrain from praising this artwork over and over! It's just lovely.

And so, the Old Man sets off on his boat with his friend, who I'll name Young Man since this is a silent comic, you know. Whenever the Old Man doubts himself, he looks at his tin that says "Sea of Love". They continue to catch nothing at all.

This book begins to highlight the troubles of large fish-catching ships and how they take everything away from not just the ecosystem, but from the little guys like Old Man and Young Man. They also have to scramble for safety from the large, looming ship.

The Old Man lets the Young Man escape on a small lifeboat. His wife awaits to give him dinner, but he does not return.

And so begins the Old Man's adventure. And he faces so many fears - including his fear of swimming. The transitions are so beautifully illustrated. He begins to despair, but finally eats the tin of sardines that gives him hope. We also see the worst that we do to our planet.

I won't spoil much more of the story (other than it all leads to Cuba and turns into an almost country-wide struggle), but it's absolutely wonderful. It shows the tenacity of an old couple to never give up hope for each other and always keep that love in their hearts. This is the kind of love I want to see in books - old love that still stays true.

This has got to be one of my favourite comics of this year - it's wonderfully illustrated and beautifully written, albeit without words. I loved the Old Man and his Wife so much - their charm and sweetness seeped from every page.

I cannot stress how the love of these two for each other knows no bounds. The adventures that both husband and wife go through are awesome; their characters develop and they learn (and teach) so much. This is also a story about how helping one person, however close, can cascade into helping so many others. And also how special routine can be in a good relationship.

I received this comic from NetGalley in exchange for an honest review.

A wonderful book that discusses the status of our world's oceans and fishing through the quiet tale of a man trying to return home. What it reminded me of throughout was the movie Up, in the bizarre journey and friends you meet along the way.

Lovely coloring throughout and while I wish the two main characters (am not counting the bird, although it was my favorite) had been a bit less cartoony in their proportions, as it somehow made me worry less for them.

Laura says

Gorgeous, just gorgeous illustrations Nearly totally wordless.

This is the story of a fisherman who gets tangled in a commercial net, and gets sent off course. His wife has not given up on him, and has gone in search of him, though she has been told he is lost at sea.

The women of the village dress in the traditional costumes, I suppose, as a hint that they might be subservient, but the fisherman's wife goes through so much to find him, so she is quite strong.

Enjoyable story. Little guy vs cooperation. Wife vs. politicians.

I haven't read many wordless graphic novels, so I was very glad to have gotten my hands on an eBook copy of "A Sea of Love".

Since there isn't any dialogue, it was a super fast read (and there isn't very much to say about it), but was easy to understand and the graphics were beautiful. I love Panaccione's art style, and I had a full understanding of what was going on even without any words.

A Sea of Love is a fun, heartwarming read about fate, adventure, and the fight for love.

3.5 Stars

This was an entirely graphic novel with all pictures and no words. A fisherman goes out in the morning and ends up lost at sea while his wife waits for him. Everyone is convinced he's dead, but she insists on going out to find him. He encounters a huge industrial fishing trawler, ends up captured by pirates, then rescued by other pirates. One of the main secondary characters is a seagull he saves from a 6-pack ring. Definitely some environmental statements going on including an oil spill and crap tons of garbage in the water. While all of this is going on for the poor husband, the wife has fairly fun adventures on a cruise ship and becoming a fashion icon.

Overall, I did enjoy this story and thought the husband and wife's relationship to be very touching. I also loved the seagull!

I received a copy of this story via Netgalley and have provided a review of my own accord.

Un océan d'amour mélange suspense, aventure, amour et sardines, le tout sans un seul mot, puisqu'il ne contient que des dessins. C'est doux, agréable, coloré, calme, drôle et attendrissant.

Beaucoup de références se croisent, entre Hemingway et Pixar, pour cette fable qui nous emporte de Douarnenez à la Havane.

Une belle découverte du samedi matin.

Emmy says

This was a surprisingly sweet story that I enjoyed much more than I thought I would (not that I thought I would hate it, mind you, but it was a lot cuter than expected).

The story revolves around a man and his wife. He's a fisherman and she's a matronly housekeeper. Every day he goes out on his tiny fishing boat and returns in the evening to find her waiting for him. Only, one day, he doesn't return, after his boat is snagged in the nets of a much larger commercial fishing vessel, which leaves him stranded in the middle of the ocean. What happens next is a dramatic tale of adventure as he tries to get back home and as she tries to find him. The plot gets a little unbelievable at times, but it never stops being interesting and fun. (She hops onboard a cruise ship, he gets picked up by pirates, etc.). I won't go into too much detail for fear of spoilers, but I think that most readers will enjoy this quirky little story.

Perhaps the most interesting thing about it was that the tale is told entirely without words (apart from a sign, a can label, and a magazine cover, that is). No dialogue at all! And it works! Of course, it helps that art is incredibly beautiful, so that certainly carries the story along.

Readers who enjoyed *Alone* by Chabouté will find this to be a similarly interesting book (and vice versa).

Highly recommended.

Bonita sería la palabra más adecuada para describir esta obra. La parte gráfica es fantástica, nunca había "leído" nada mudo y desde luego en esta ocasión no hace falta ni una palabra, tremenda la expresividad de las viñetas y los personajes, muy bueno. La historia es muy bonita, entrañable, con una buena dosis de humor tierno, trasfondo ecologista, aventuras y mucho amor por el mar y entre la pareja protagonista. Merece la pena.

Une BD sans texte, le dessin suffit à nous transmettre l'émotion. Coup de cœur pour les dessins et les couleurs. Une belle histoire, touchante et drôle, avec un message sur l'écologie. une belle découverte !

A simple fishermen gets up one morning, eats breakfast with his wife, and sets out to sea hoping for a good catch. But his day does not go as planned. A massive fishing trawler almost runs him down, a storm hits his little craft, he encounters bloodthirsty pirates, and gets his propeller tangled in a fishing net. Meanwhile, his wife is distraught with worry, and decides to go looking for him, falling into adventures of her own with belligerent chefs, sleek fashionistas, and military dictators.

This story takes so many twists and turns! I loved every page. It is absolutely hilarious and fun from start to finish, and I felt such a connection with the dear fisherman and his sweet wife. It was delightful to see good and simple people, who only want a quiet life in their little village, thrown out into the world in the most ridiculous circumstances.

The artwork is so eloquent that no words are needed. There is not one bit of dialogue in the entire story, and it is perfect! The facial expressions of the characters, and the energy of their movements tells the whole story. I was completely entranced with the art, and read the whole story in one sitting.

I would love to see more from this artist/ author!

A pointless, wordless comic about a man lost at sea and his wife that goes to Cuba to find him on the word of a fortune teller. The art and storytelling are awful. I often couldn't understand why things were happening.

Received a review copy from Lion Forge and Edelweiss. All thoughts are my own and in no way influenced by the aforementioned.

Je me suis demandée si je devais écrire une critique sans mot, mais comment voulez vous ne rien dire après la "lecture" de cette bd sans bulles !

Challenge à première vue délicat et pourtant si joliment réalisé.

Vous l'aurez compris il n'y a pas un mot dans ces pages, et lorsqu'on voit l'épaisseur de la bd on se demande comment ils y sont arrivés.

Mais voilà le résultat est là et en moins de temps qu'il n'en faut on referme le livre avec le sourire au lèvres tellement il est plein de poésie.

Car l'auteur mine de rien, nous apporte à travers ses dessins, une histoire pleine de douceurs et d'humour, de crêpes et de beurre salé, de sardines aussi mais aussi quelques mots d'écologie.

Le trait apporte aussi beaucoup, il vibre et donne une force à l'intrigue.

Je ne pensais pas aimer autant et pourtant !

Une bd a découvrir absolument !

GROS GROS COUP DE COEUR !

Aucune parole dans cette BD au grand coeur. On rit, on sourit, on est ému. Une magnifique histoire d'amour tendre et une grande aventure au travers de tout ça.

Le dessin est sublime et les petits messages écologiques subtils et bien amenés.

Ne passez pas à côté de ce bijou !

Je n'étais pas certaine d'accrocher à une BD sans texte et pourtant celle-ci est tellement réussie que j'ai été captivée. Ce petit couple est adorable et on suit les aventures qu'ils vont vivre avec surprise et étonnement. C'est drôle, original et surtout très beau.
