Witch Myth Alexandria Clarke

When Morgan Summers finds herself trapped in the otherworld, she knows she's in for a wild ride. As her enemy raises the dead back in Yew Hollow, Morgan forges unlikely alliances and battles through the afterlife in search of a mythical weapon. But even if she finds it, will Morgan figure out a way to return to Yew Hollow and put the dead to rest for good?

PJ Lea says

Dark to light.

From darkness comes the light.

Wonderful sequel in this cozy series that has a heap of heartbreak and death in it, though the love and light of the coven always manages to shine through.

Luke Powers says

Yew Hollow at its finest

Wonderfully written, some laughs and quirks. Great plot and a bright ending. You will be enchanted by this one. Enjoy

Ceejay says

This third book in the Yew Hollow Mystery trilogy is a great read. When last we saw Morgan Summer, of the famous Summer Coven, she had passed away and the witches of Yew Hollow were under the control of a warlock! Morgan has died, and is banished to the Otherworld. This third novella answers a lot of questions, the primary one being, can Morgan save the Summer Coven, despite being dead? Other story lines are also taken care of; for example, the relationship with Morgan's mother, and the relationship with young Gwylyn. This novel is an exciting well done ending to a highly enjoyable trilogy.

Katie says

Although this is billed as a second book, it's really just the second half of what should have been one book. I find that irksome. A book should tell a whole story, in my opinion.

Also, it's really weird that the prequel, first book, and second book all have the same title, just with #0, #1, and #2 after it. Was it really that hard to come up with discrete titles, or even subtitles that would differentiate the books?

Pamela says

This second book in the series (third if you include the prequel) was a lot darker than the others. Interesting, but I did not enjoy it as much as the previous ones.

Amy says

Family...is what will get you through! I feel that the coven was put through the ringer in this book. Morgan and Gwen are true sisters. Loved how they all came together and just got it done!

Meegy says

I will be honest, I expected something a lot more gruesome than what was written. In the Christmas Trilogy, it stated that she went through something huge, I mean it as huge... But it wasn't that bad.

Carin says

4.5... much better than the last.

Shanna says**Fantastic book**

Absolutely love this book! Hope to see more coming from Alexandria Clarke in this series and any other series that may be written!

Cathleen says

Such a fun kick butt detective witch series!

Jewel Prescott says**Good series**

I just completed this book and enjoyed it as much as the first two in the series. The author is good at keeping a fast pace read and making believable characters and plots.

Nancy says

Morgan is a detective for the local police department in this book. She is assigned a new detective to help her

solve a crime that has an element of witch craft to it. There is deception involved, and a huge battle of good over evil. Morgan is killed in this book, but finds her way back from the otherworld. There is a lot of action, and coming together of the witches, to help each other, and the town of Yew Hollow.

Kay Tuck says

Witch Myth: A Yew Hollow Cozy Mystery Book 2

This book was as great as book zero of the series. I was hooked from start and it continued with the same characters and a few new ones. It was hard to put down. I enjoyed it very much and can't wait to read more from this author. If you enjoy mysteries you will like this series.

annemarie_bookaholic says

Action packed story...loved these short stories too bad there isn't more. I would like to read more about Yew Hollow and Morgan

Rosemary says

Good story line, Loved it.
