## **Witches Anonymous** Misty Evans

Can a bad witch go good in thirteen steps? Not if Lucifer has his way with her!

A Tickle My Fantasy story.

Amy Atwood is a witch. Not the harm-none kind the Satan-worshipping, devil-made-me-do-it kind. But after catching Lucifer in a particularly wicked hex act with her goodie-two-shoes Wiccan sister, Amy does what every self-respecting witch would do. She pops a Dove chocolate in her mouth, ends her affair with the devil, and swears an oath never to use magic again.

She wants to be normal. Human. Even if it means no more fun and she s looking for a nice, normal guy to complement her new lifestyle. And ice-cream-loving firefighter Adam Foster looks like perfect hero material.

Lucifer, however, isn t about to be nice about letting her go. Stalked by Satan, manipulated by the angel Gabriel and surprised by Adam s true identity Amy finds herself up to her black hat in trouble of Biblical proportions "

## **Patricia Lyness says**

### **Captivating till the last**

This book is well written in a way to captivate you till the end. A bit of mild witchcraft and a love affair between 2 worlds.

---

## **Cassey says**

A quick read, with some funny moments.

---

## **Marlene says**

Witches Anonymous, by Misty Evans, is almost as deliciously tempting as the Dove chocolate square that the main character keeps promising herself if she manages to resist all of the other temptations that keep getting thrown her way. Poor Amy, most of us find Dove chocolate difficult enough to resist!

Amy Atwood is the witch in Witches Anonymous, and we meet her as she is about to attend her first meeting of the self-help group. Yes, WA is modeled on AA, complete with 12-step program. Amy used to be perfectly okay with being a real, honest-to-badness witch--up until she caught Lucifer with his devilish hands (and other body parts) all over her sister Emilia.

Until Amy caught them in the act, Emilia had always been the "good" witch, and Amy had always been the "bad" witch. Now the tables are turned. Emilia has turned to the dark side, and Amy has sworn off cursing and hexing and all spell casting. Because as everyone knows, one spell leads to another, and once you start down that slippery slope, it leads right back to having Lucifer in her bed, and Amy is through with him. If he wants Emilia, he can have Emilia. He only gets one sister. Period.

But at her first WA meeting, Amy meets Adam on her way in. Adam, tattooed, Harley-riding, Adam, looks like more than enough "bad boy" to keep Amy happy, even if he is only human.

But nothing is quite as simple as it seems. Adam really is Adam. As in Adam and Eve. That Adam. And the Archangel Gabriel has arranged for him to re-enact that original temptation, with Amy cast in the role of Eve. Gabe is hoping that Adam will resist this time, and that Gabe will get to play God in Eden, the revised edition. But Lucifer has other plans. You see, he really is in love with Amy, and he wants her back. Bad. But can a devil who truly loves actually be all bad?

And Amy's formerly goodie-two-shoes sister? She really is kind of a demon.

Escape Rating B-: Oooh this was fun! Witches Anonymous is mind candy of the purest form. Which is a really good thing. I giggled all through dinner reading it. This is a "put your ereader in a baggie and read in the bathtub" book. I liked Amy a lot. She's a fun character. I got less of a handle on Adam, or Luc. I was

never quite sure how much Adam, the Harley-riding firefighter, knew about his role as Adam, the first man and possible resetter of the cosmic balance.

But I loved that Gabriel, the angel, was actually the bad guy and Lucifer was actually the good guy. Very cool.

---

## **Montzalee Wittmann says**

### **Short story about the devil and witches**

Witches Anonymous is a short story about a witch who is mad at Satan for cheating on her with her sister. It gets more complicated with her going to Witches Anonymous to get over Satan, meets a new guy, sister goes evil, Angel goes rogue and more. Interesting read.

---

## **Carly says**

2018 *3rd re-read* It's actually kind of weird to see how different some of these characters are in this book compared to the last book in the series. I actually forgot about some of this, like Adam and Gabriel's first appearance. Luc is still my favorite Lucifer out there though.

---

## **Gabriella says**

Witches Anonymous is the first installment in the Witches Anonymous series by Misty Evans.

Amy Atwood is a witch. She is now attending WA (Witches Anonymous) because Lucifer has betrayed her with her sister. Now she wants to be normal. Human. Even if it means no more fun...

Lucifer wants Amy back and he isn't taking no for an answer. To make matters worse, the angel Gabriel is now on Amy's case with an agenda as his own.

This was a quick, fun and sexy read!

All in all, this was a truly fun book to read. It wasn't too heavy, it wasn't full of cliché romance, and the characters are each truly unique in their own way.

But I don't think I want continue the series.

---

## **Sandy Duncan says**

### **The devil and amy and adam**

Interesting story and love triangle. Bad witch wants to be good but the devil wants her back..and then there is

Adam as in Adam and Eve who needs redemption and also wants Amy.

review by Megsly

\*Warning: possible spoilers ahead.\*

When my lovelies at MVF asked if I'd like to do reviews for new authors who submit their novels to us for review, I jumped on the chance! I love reading the works of author's whom I've never read before! It's like making a new friend and you never know what kind of little jewels you will unearth when diving into an unknown book by an author you've never read before! And very fortunate for me, my very first book, which is *Witches Anonymous* by Misty Evans, has quite the delicious little summary that jumped out at me and gave me a shiver of excitement!

\*\*\*\*\*

Amy Atwood is a witch. Not the harm-none kind...the Satan-worshipping, devil-made-me-do-it kind. But after catching Lucifer in a particularly wicked hex act with her goodie-two-shoes Wiccan sister, Amy does what every self-respecting witch would do. She pops a Dove chocolate in her mouth, ends her affair with the devil, and swears an oath never to use magic again.

She wants to be normal. Human. Even if it means no more fun—and she's looking for a nice, normal guy to compliment her new lifestyle. And ice-cream-loving firefighter Adam Foster looks like perfect hero material.

Lucifer, however, isn't about to be nice about letting her go. Stalked by Satan, manipulated by the angel Gabriel—and surprised by Adam's true identity—Amy finds herself up to her black hat in trouble of Biblical proportions...

\*\*\*\*\*

So, once I did my house hold duties and settled in for the evening, I opened the new book on my computer and settled in to read. The first thing I noticed was that Evan's main character, Amy Atwood, must be my long lost sister or something because my mind works in much the same way, so I immediately relate to her. With the exception of witchiness. I'm not very witchy...which is unfortunate sometimes.

The author easily draws the reader in with her humor and simple way of stating the obvious, and the men in her story? They're hot stuff. At first, I didn't know how Amy could possibly choose between the hotness of Luc and Adam, because they both are absolutely delicious and just ooze sex appeal. I mean it, they literally ooooooooooze it, especially Luc, but then again, what else would you expect from the Devil? But what is especially delicious about this book is how Luc seems to find himself in less than ideal situations when he tries to drag Amy back down into the pits of hell with him and seeing the Devil in less than pleasant circumstances, or seeing him out of sorts? Hilarious.

As we're getting to know Amy, and she's getting to know Adam while Luc harrasses her, we also find ourselves introduced to Emilia, Amy's older sister and Luc's very jealous new lover. She's a former "goody-goody" who was no where near the accomplished witch that Amy is, but apparently things with her aren't as they seem either. Emilia has stepped up to the plate, challenged her sister in an effort to eliminate any obstacle in her way of securing her place as Lucifer's main squeeze, stealing her Amy's spell book and

threatening her friends in the process. She's another intriguing character to top the list of

Evan's plot is unique, even in the vast array of plots in the paranormal romance genre. Though all romance plots seem to center around a battle between good and evil, they don't usually feature two of the main biblical figures as they're main characters (and no, I'm not speaking of God, or Jesus as one of those characters, you'll just have to read to find out.) I found the plot refreshing and witty and just all around enjoyable. I also loved the fact that this is the first book in a continuing series, and that it's short, sweet and super easy to read.

All in all, this was a truly fun book to read. It wasn't too heavy, it wasn't full of cliché romance, and the characters are each truly unique in their own way. Lucifer isn't anything like what you would assume, Adam is just everything a hot fireman should be, the other witches attending Amy's Witches Anonymous meetings are wary and less than welcoming, which sets the mood for potential drama, and Amy is a strong, female lead. She's a woman who knows what she wants, and how to get it. She also stands by her guns. She swore to give up witchcraft, and she's trying as hard as she can to not break her word, which I think really says a lot about her character. Also, the plot is refreshingly unique and fun! I'd highly suggest that if you want a fun, romantic read, this is the route to go!

Below is my rating of Witches Anonymous by Misty Evans. These are reflective strictly of my opinion of the novels I've read and reviewed, and are not necessarily reflective of the other staff members of MVF.

- Story Elements (plot) – 8
- Character Development – 8
- Grammar & Punctuation – 8.5
- Prose – 8
- Paranormal Element – 9

Total Score: 8.3/10

(total score is derived from the average of the 5 individuals scores)

## Natasha says

**'Witches Anonymous'** is the first installment in the Witches Anonymous series by Misty Evans. If your in the mood for a hot, fast paced, light comedy then this is the novel for you. From page one I was drawn in and I couldn't get enough.

### First lines:

***- "In a room full of witches, you'd think I wouldn't stand out. You'd be wrong."***

I really enjoyed Amy's character. She's a hard attitude witch that signed her soul over to the wrong side. She may be good, but she likes bad. And how could she not, when they look like Luc Does.

**"...Devil standing in front of me. Tall, dark and sexy as hell, he was nevertheless too handsome for his own good. No visible horns or claws, but an insatiable**

**hunger for all things denied him."**

But thanks to him two timing with her sister, she's turning her life around. No more evil. No more devil. She's taking the steps to become good and it's not as easy as she thought. Thankfully, she'll have another handsome fellow to help her take her mind of such things. And Adam is hot, hot, hot. What she doesn't realize is he has a secret. His true identity is unique and really adds to the story.

I really enjoyed '**Witches Anonymous**'. It was everything you'd want in a 109 page novel. I want more and I want it now!

---

## **Ellen says**

This book is for anyone who wants to fall out of their day to day problems and into a wonderful world filled with equally wonderful people and some of the best laugh out loud funny moments I've had in a very long time. Don't pass up Witches Anonymous by Misty Evans!!!

---

## **WildAboutBones says**

A very cute and funny paranormal romance short story which features Lucifer and a very small part for the Archangel Gabriel. It was originally published as part of the ***Tickle My Fantasy*** anthology. At 88 pages, it is a very quick read; I read it in about an hour.

Amy, "*Not one of those goodie-two-shoes Wiccans. No, I'm a Satan-worshiping, Devil-made-me-do-it witch*" type witch, is now attending WA (Witches Anonymous) because Lucifer has betrayed her with her sister. She's being good now, normal, hmmm who'd of thought it possible? But she'll do almost anything for a Dove chocolate. She only has 3 weaknesses — "*sinful men, dark chocolate and designer shoes*".

Luc — Satan, Lucifer, the Devil and a host of other names — is trying to seduce Amy back into his arms and the dark side. He tells her he loves her. But he's the most famous tempter and liar of all ... right? He doesn't really ... nah. She's doing a good job of resisting him. Especially once Adam comes into her life.

Adam, Captain of the firefighter squad, hmm ... good looking and a fireman too. He really likes Amy but a) he doesn't know she's a witch and b) he doesn't want to be 'rebound guy'. Could he be the original Adam of Adam and Eve fame? No wonder Luc warned her away from a date with him to the fire station Halloween costume party.

A sampling of the humor:

*"Just so you know ... the Devil does not wear Prada. For business, he wears an Armani suit The Donald would kill for."*

*"...in my experience, men would believe anything you told them if it meant they'd get laid."*

At the end there is an excerpt from ***ParaMatch.com*** by MK Mancos, ***The Ghost Shrink, the Accidental***

***Gigolo & the Poltergeist Accountant*** by Vivi Andrews and ***Carolina Wolf*** by Sela Carsen.

Warning Spoiler Alert!!!

This has an implied "relationship continues" ending instead of a true HEA ending. Sorta like a couple walking off into the sunset, you assume but it is not stated.

---

### **Atara says**

Cute. Would have been better as a full length novel, but still very enjoyable.

---

### **Kimberly says**

Witch Amy Atwood isn't your stereotypical Glinda the Good Witch. No, she's a Satan-worshipping, wicked witch through and through, and is quite happy about it until she catches Lucifer in bed with her sister. Then it's off to Witches Anonymous and a renouncing of her powers for Amy. When she meets sexy firefighter Adam Foster, Amy figures he's a delicious compliment to her new, normal lifestyle.

But the devil doesn't give up so easy. Lucifer wants Amy back and he isn't taking no for an answer. To make matters worse, the angel Gabriel is now on Amy's case with an agenda as his own. It's all almost too much for a newly-reformed witch to bear and Amy only has until Halloween to figure a spell-less way to get herself out of trouble.

Spirited and fun, Witches Anonymous is like a breath of fresh air. It's energetic, sharp, and, much like Amy's beloved Dove chocolates, utterly delicious. Misty Evans has a lively voice that comes right off the page, giving her characters a spark I found truly enjoyable. I adored Amy from the very first page. Although she possesses magical powers, her attitude makes her easy to identify with. Her hero, Adam, is everything a hero worth sighing over should be. And Lucifer (or Luc, as he likes to be called), isn't your average version of Satan. He's seductive to the max and I must admit Ms. Evans made me feel a bit of sympathy for the devil. A fast-paced tale that is completely spellbinding, Witches Anonymous is not to be missed. Wickedly entertaining!

*Reviewed for Joyfully Reviewed.*

---

### **Jessica Wilhelmsson says**

#### **An excellent stoty**

I really enjoyed this book! First for the excellent story, the characters that are fantastic described and for the hilarious thing to create WA, AA for witches. I really want to follow this witch and her ex boyfriend that happens to be Lucifer the fallen Angel aka Satan. I giggled a lot of times during the reading.

---

## **Edie Ramer says**

What's a bad witch to do after she catches her lover - who happens to be Lucifer - making out with her sister? In Amy Atwood's case, she decides to go good, and she starts attending Witches Anonymous meetings. She even meets a sexy firefighter who gets her heat level up. But Lucifer is still after her, trying to woo her with the one item he knows she finds irresistible: Dove chocolates. And her skanky sister appears. Now that she's gotten Amy's man (or so she thinks), she wants her Manolos and her spells. Then the Angel Gabriel joins the mix - only he doesn't seem very angelic. Amy's problem is that since she's given up magic, she can't keep them away. It's not easy being a good witch.

This was a fun and breezy book. The author did a great job of humanizing Lucifer. All the characters were great, and I thoroughly enjoyed it!

---
