Wenn der Vorhang fällt

Shun hat sich in ihrer neuen Klasse zum beliebten Mädchen gemausert, doch nach und nach muss sie feststellen, dass ihre Mitschüler sie schon nach wenigen Tagen Abwesenheit vergessen haben. Kommt sie wirklich so gut bei ihnen an, oder war alles nur Heuchelei?

Der Einzige, der ihr in dieser Situation zur Seite zu stehen scheint, ist ihr junger Lehrer Jun-chan. Als sich die beiden näher kommen, beginnen aber gleichzeitig auch die Konflikte...

Meine Meinung:

Da ich bereits mehrere Werke von Kozue Chiba gelesen habe, wollte ich mir auch ihr neuestes nicht entgehen lassen. Gerade ein Einzelband ist ja gut für das begrenzte Budget eines Studenten. Aber das sich die 6,50 Euro nicht gerade lohnen, konnte ich da ja noch nicht wissen.

In Manga werden drei Kurzgeschichten erzählt die, wie ihr Name schon verrät, wenig Platz für ausführliche Charaktervorstellungen und detaillierte Handlungsstränge bieten. Die erste Geschichte fasst die schon oft erzählte Geschichte des grauen Mauerblümchens, das bei allen beliebt sein will, auf. Keine überraschenden Wendungen inbegriffen.

Die zweite Geschichte ist noch kürzer gehalten und zeigt auf, was passiert, wenn aus Freundschaft mehr wird. Die dritte und letzte Geschichte handelt von dem auch schon oft gehörten Thema "Einst abgelehnt, dann verhasst und nun geliebt". Innovativ ist was anderes.

Der einzige Grund dieses Buch doch in die Hand zu nehmen wären die einfach zauberhaften Zeichnungen von Kozue Chiba, die ich über alles liebe. Ihre Charaktere sind schön ausgearbeitet und zaubern dem Leser immer wieder ein Lächeln aufs Gesicht.

Fazit:

Das neueste Werk der Mangaka Kozue Chiba ist nur etwas für Hardcore-Fans. In den Geschichten wird nichts Neues erzählt und teilweise langweilen sie sogar. Einzelbände sind für diese Zeichnerin einfach zu kurz, da sie so keine Charaktere aufbauen und Handlungsstränge darstellen kann. Dennoch wissen ihre niedlichen Zeichnungen zu überzeugen.

Cute manga about student x teacher relationship!! The sensei was so boyfriend material! Please gimme that kind of guy! HAHAAHA! :D (Although of course in real life student-teacher relationship is a taboo)

Megan says

The main story wasn't that good. As a teacher, I find the idea of teacher/student relationships repugnant. The two one chapter stories were really good. If they had been the whole book I would have given it five stars.

Chalse says

"I read puberty baby and it was so corny that I had to laugh. She was jealous because he was kissing other girls in secret. It was so obvious that he was only trying to make her jealous. Why did she have to be such a mary-sue? Good God!"

"It's okay so far, but I'm still questioning this questionable relationship between teacher and student. Although, I am glad they are waiting until it's legal before pursuing it, which is just awesome, but I think the romance is a little dumb and left me asking questions. Why did she cry so much? Why are the other student so depth-less? Jeez. But besides that, it was a bubbly read."

SINOPSIS

Secret of The 7th Lesson - Story 1

Syun Kawasaki baru pindah ke sekolah barunya selama 3 bulan. Ia sangat disukai teman-temannya karena selalu bersikap ceria. Karena itu jugalah teman-teman menganggapnya sebagai penyemangat di sekolahnya. Namun sebenarnya ia selalu memaksakan diri untuk ceria dan penuh tawa. Hal ini dilakukannya untuk menghindari masa lalunya yang kurang menyenangkan saat di sekolah lama. Hanya Jyun Koshiba, sang wali kelas lah yang mampu melihat kedalaman hati Syun dan mengetahui apa yang sebenarnya terjadi pada diri Syun.

Mampukan Syun bertahan dengan sikap cerianya? Masa lalu seperti apakah yang sedang ditutup-tutupi oleh gadis manis tersebut? Mengapa Jyun-chan mengetahui isi hatinya yang sebenarnya?

Secret of The 7th Lesson - Story 2

Syun dan teman-teman sekelasnya pergi study-tour ke Tokyo. Karena semua teman sekelasnya berpasangan-pasangan dan hanya tinggal ia sendiri yang tidak mendapatkan pasangan, akhirnya Jyun-chan memutuskan agar Syun mendampinginya. Sesampainya di Tokyo, salah seorang teman sekelasnya tidak enak badan, akibatnya kegiatan hari itu nyaris dibatalkan. Meski merasa ingin ikut jalan-jalan, Syun akhirnya memutuskan untuk tinggal di hotel untuk menemani temannya beristirahat. Menjelang sore, sang teman yang mengetahui betapa inginnya Syun berjalan-jalan akhirnya mengizinkan Syun pergi menyusul teman-teman mereka. Sayangnya, ketika Syun pergi, Jyun-chan justru sudah kembali ke hotel karena khawatir dengannya dan sang teman yang sedang sakit.

Akankah Syun menikmati study-tournya bersama Jyun-chan dan teman-teman sekelasnya?

Secret of The 7th Lesson - Story 3

Sepulang dari study-tour ke Tokyo, entah kenapa berhembus kabar kedekatan antara Syun dan Jyun-chan.

Hal ini membuat keduanya dipanggil oleh sang kepala sekolah. Demi melindungi Jyun-chan, Syun membuat pengakuan kalau dialah yang meminta sang wali kelas menemaninya ke Tokyo Tower berdua saja karena dia merasa kurang dapat berbaur dengan teman-teman sekelasnya (baca Secret of The 7th Lesson - Story 2). Untung saja sang kepala sekolah bisa menerima alasannya dan mereka berdua terhindar dari sanksi. Sayangnya, beberapa teman sekelas Syun ternyata tanpa sengaja "mencuri dengar" percakapan tersebut. Akibatnya mereka merasa kalau selama ini Syun hanya berpura-pura mau akrab dengan mereka. Akankah masa lalu Syun di sekolah terdahulu jadi terulang di sekolahnya yang baru karena masalah tersebut? Dapatkah Syun meyakinkan teman-temannya bahwa meskipun ia tidak seperti dirinya yang selama ini, ia tetaplah tulus saat berteman dengan mereka?

Spring Baby

Eri dan Kaoru adalah teman dekat sejak kecil dan mereka sudah lama hidup bertetangga. Hal ini menyebabkan keduanya sangat dekat. Bahkan, Eri terlihat terlalu mengurus Kaoru dalam segala hal. Kedekatan keduanya membuat Ibu Kaoru merasa bahwa Eri memang cocok dengan Kaoru. Namun hal tersebut berkali-kali disanggah oleh Eri yang merasa bahwa mereka berdua memang dekat karena sudah dari kecil mereka main bersama.

Benarkah demikian? Kenapa ketika Eri mendapati hatinya kesal saat mendapati Kaoru dekat dengan beberapa teman perempuannya? Bukankah mereka berdua hanya teman sejak kecil? Mampukah Eri jujur pada perasaannya sendiri?

About You

Kehidupan Yuki Okubo yang tenang tiba-tiba saja berubah 180 derajat ketika suatu hari seorang anak pindahan masuk di kelasnya. Betapa tidak, Rio Fukamachi, sang anak pindahan tersebut dulunya pernah menolak perasaan Yuki saat ia memberikan surat cinta pada cowok itu. Sungguh malang nasib Yuki! Di saat ia sudah hampir melupakan kejadian tersebut, Rio justru muncul di hadapannya. Dan parahnya lagi, cowok itu justru selalu membawa surat cinta yang pernah diberikan oleh Yuki padanya. Akhirnya dengan terpaksa, Yuki menuruti semua pinta Rio demi menjaga kerahasiaan dari surat cinta tersebut.

Mampukah Yuki menjalani hari-harinya dibawah tekanan Rio? Mengapa Rio nampak begitu senang mengerjai Yuki? Apa sebenarnya salah Yuki terhadap Rio?

3 or more is good for comics, manga or graphic novels. I never really know how to rate some of these. There are some where I'm totally in love, know automatically it is a 5 star, but then some I am just not sure about in the first couple volumes.

I have to say this manga was such a Shoujo manga. I mean like seriously, crazyyyy Shoujo. It was meant to be cute and bubbly and such.

HAHAHAH, I fell for it though. It was fun while it lasted and Jun is so cute. LOL. So the whole story was about a loner girl pretending to be a popular girl. Jun(her teacher) sees right through the act and "connects" with her.

The ending was wayyy corny and cute. I hope everything works out for them in the end LOL. :D

Ruba AlTurki says

It's a very typical shoujo , there was a lot of feelings that I felt like it was so relevant, I don't know but the end wasn't new or interesting. happy endings aren't always the best .

The two extra stories was good , I really liked them .

So...with the first story, I felt like I was TOTALLY missing a few pages. I guess since it was a one-shot, it had to go by pretty quickly, but wow...I didn't feel relationship growth at all till the last few pages. I was honestly like: Wow, so Shun's actually all sentimental and whatnot, but when on earth did this whole relationship spring out of? Seriously frustrating. BUT the teacher was a total hottie, so it was fine. And it was an adorable ending. Like. Adorable x 100.

Puberty Baby: Creeped me out. I will not lie. This one definitely creeped me out. I mean, they're not related or anything, but like...I wasn't shipping them at all. He was a good kid and whatnot, but I kept feeling the more sibling vibe. I feel like she just woke up one morning and figured she liked him. I swear, I think it happened in a split second and I just didn't warm up to the idea. It was just...eh. And she IS older than him, right? So again, just a little weird. And the last scene with the mother walking in, I was like: This is not a normal household *Shakes head*

Your Words: Okay...this one was my favorite. They KNEW each other and whatnot and he just came back again from another school. So this is a more normal situation I feel. And like...wow...I wanted a guy like that so badly. T.T I was dying with the fluffiness instilled into this one. And the last page with the teacher and Adolescence was hilarious. <3 <3 <3

So overall,

1 star for art because it wasn't extraordinary, but the guys were uber cute and everything was drawn very cutely ^.^

2 stars for story/plot/characters: VERY cliché, this book oozes with typical school shoujo-ness. But...heh...so fluffy XD

Paulina Beltran says

This Manga, was so funny. I read it with one of my friends and we loved the humor of Techer/Student. My Favorite part: "Ah, you're crying. What kind of teacher am i to make you cry. Its okay I'll cry now, too!" It was so funny

Mazohyst says

To be honest, I did not like this at all. I feel horrible, but every time I read manga, I keep comparing it to H by Sakurai Machiko.

It's basically about a student teacher relationship. The fact that fellow students encourage the girl to "go see Jun-kun" made my skin crawl. Why would you encourage an illegal, slightly weird relationship to happen? What about the consequences? Surely, a teacher would be more careful than that.

Just like H, it deals with the girl having social issues. They both don't show their true colours around their "friends" and the teacher helps bring it out in them. It touched a nice topic and there was a good quote in there but I just wasn't feeling it.

At times it was sweet, but so sweet that it made me sick. It's too much of your typical shoujo manga. I don't find anything special about it. I can see myself easily confusing it with another manga.

Rhapsody says

Such typical shoujo. A gloomy girl has managed to become popular through a lot of work, but still feels lonely inside. Her handsome, young teacher notes this and a relationship is formed. The other two oneshots deal first with a blooming romance between a high school girl and her childhood friend, and then with a girl whose former crush enrolls in her school. Extremely generic stuff, though the art is pretty.
