## Aroused Kia Carrington-Russell

“Remember my name because you will be begging me for more. This is my promise to you.”

Meet Hayden Zilch: entrepreneur, sports manager, investor. Cocky, tantalizing, and an utter womanizer. He is a man who loves pleasuring women. He can show you a world you have only fantasized about. So what happens when this sex-mad womanizer decides to finally find The One? Starting off with a list of five women, Hayden sets out to learn the difference between lust and love. His adventures have him laughing, crying in pain, and begging on his knees as he battles to tame himself. Can Hayden really control himself around these five beautiful temptresses? *Taming Himself* is the first in this five-book series which tells the story of Hayden's search for both love and pleasure.

## From Reader Review Aroused for online ebook

### Sharing My says

I enjoyed reading Aroused. Hayden is so hot, even if he is a womanizer. He loves pleasing women, and women love being pleased by him. I loved the banter between Hayden and his assistant, Amber. Garden's quest to find "the one" is bound to be very interesting, especially with Amber butting in and giving her opinions. I'm looking forward to reading the next book in this series.

---

### Elmarie Pieterse says

Hayden Hayden Hayden Omg he is soooo HOT but he is a real "man-whore" he is looking for the "one" but can't choose between the five girls that he has been dating lol. This book is funny, HOT and the storyline is really well written and keeps you glued to the pages cause you want to know whats gonna happen next. I really did enjoy this. Cant wait for more!!!!

### Vanessa Charles says

<>>

This book make me laugh so hard and say OMG so many times. Hayden and Amber banters are most favorite moment in the book. I know Amber is not on the list but I'm rooting for her. The title of this book matches its contents which is something I like. If you want a lighthearted erotic read, grab this book now and you will not be disappointing. "I was on the journey to find that one woman who would scream for me every day, who would love me flaws and all, who wanted to spend the rest of her days with me, for better or worse, and maybe have a hip or two replaced." - Hayden this is one of my favorite quote from this book and I can't wait to continue reading Hayden journey in Taste, book two.

---

### Jessica Mitchell says

I bet we all know a guy who can't keep his pole in his pants. Traveling all over town just to get it wet. Well meet Hayden, he owns his own company and has women lining up through the door, even his little black phone helps his get what he thinks is his. Except for that one. He's now on the prowl for the one. Can any of the women he's been with be the one or has she been in front of him the entire time... Will he be able to keep in his pants long enough to find her.

---

### Carol [Goodreads Addict] says

Aroused is book one in the Taming Himself series by Kia Carrington-Russell. It is the first in what is to be a five part series. This book was generously provided to me by the author in exchange for an honest review.

Hayden Zilch has been very successful in his professional life. He came from a bad childhood, abandoned by his mother and abused by his father. He became a sports manager/investor and started his own business in Ithaca, New York, Zilch Enterprises, and has enjoyed much success. Hayden is also very successful with the ladies. He has a regular selection that keep him sexually satisfied at his choosing. But as of late, Hayden has begun to want more. To actually have a single loving relationship that could lead to marriage and children. But how to ever choose. How does one find "the one?"

***"When you find her, the woman you will marry, it will most likely come in the most unexpected way. Love does not just fall into your lap. It slaps you in the face before you even realize it was there."***

With the help of his personal assistant, Amber, Hayden makes a list of five women that could be candidates. He is supposed to date these women, get to know them, instead of instantly jumping into bed with them.

Although the premise of this book was very cute, I just couldn't find it in myself to like Hayden much. He really was a man whore but that isn't why I didn't like him. He had zero self-control with any of the women, and I thought he was terribly immature. He would get himself into the craziest of situations. And honestly, none of the women were good candidates. Well, maybe one could have been but she took herself out of the running.

---

If you want a quick, sexy romp, you will enjoy this book. And it was sexy. But along with that, I wanted to feel something for the MC and that never really did happen.

### **Kathryn Synoracki says**

I received this book from the author for an honest review! Loved it and can't wait for more in this series! What a great beginning! And who doesn't love a man whore!

---

### **Charlene says**

I was given a copy of the book by Hurricane Readers in exchange for an honest review.

I really liked this book. The main character is a "man-whore" named Hayden, trying to reform, but failing miserably.

I think the characters were well written, and the pace of the story didn't drag you down and with all Hayden's misadventures, I felt like I had to keep reading to see what happened next.

I can't really say to much more without giving away to much of the story, but it was a great book.

---

### **Sharon Richmond says**

Amazing...Wonderfully erotic...and touching..Hayden is oh my my good.

---

### **Paula Genereau says**

Wow!!! This book is awesome. It's HOT. Loved every page. Can't really say more without giving it away. Love love it.

Hurricane readers book review gave me this book for a honest review

#### Review for Saints and Sinners Books

I found this book very intriguing and at times hilarious. But then again, when a playboy decides to put away his old ways and find the “one” it’s bound to be funny. Some of the situations Hayden put himself in were off the wall crazy. Not to mention the women surrounding him as well. I honestly have no clue where Hayden found the women in his life. They sure did make things interesting.

I did enjoy reading more about Hayden’s character. He has some hidden parts of his past that I’d love to learn more about. He keeps his past very secretive, as if he’s more ashamed of it than anything. I hope in the next book the author reveals more into Hayden’s past. I also hope Hayden’s character matures more. He does want to find the one for him, but I don’t think he’s taking it seriously. There was so many times he could’ve put away his own desires but he gave in to easily. But he is a guy, so of course he’d only think with one part of his anatomy.

I am very interested to see what will come out of Hayden’s quest. The author has me sucked into the world of Hayden, so I will be on the lookout for the next book. I would recommend this book for anyone looking for a hot, quick, and steamy read!

### **Jennifer Kritz says**

WOW!!!Steamy.

Aroused is the beginning of a series written by Kia Carrington-Russell that is focused on Hayden Zilch, entrepreneur, sports manager, and investor.

The premise of this book is to take a journey with Hayden while he is changing his ways from an individual who doesn’t get emotionally attached to a person who finds one women.

Throughout the book you watch Hayden pick 5 of the women he has been with and try to get the list down to 1. In order to accomplish this his personal assistance Abby gives him advice.....ABSTAIN from sex!

Hayden doesn't fare as well as we watch him go on 4 dates and fail at each one and gets told by the 5th she has found someone. We get to see all of different types of women he is attracted to. By the end of this book I had to feel sorry for Hayden and wonder what will happen next.

Kia again has created an environment where the characters come alive. You are able to feel the characters inner turmoil's, love and insecurities. This is the first time Kia has written an erotica book but you would never be able to tell. This is the first book in a series and I highly recommend this book.
