### **LaTonya says**

This was a good read full of drama, action, scandal, & police corruption. I liked how the ending leaves you in suspense and wanting more. I can't wait to read the rest of the books in the series. I'm really loving this author!

Wow every body hands are dirty the Mayor, the chief of police to the da. Tiphani I don't know what to say about her sleeping with two brothers she needs to be taking out or they need to take her is thinks Scar loves her he just using her. What Scar is doing to his brother is so wrong on all levels. Their is no honor among thieves everybody trying to keep their name the clear look at Rodriguez don't know who your friends are. I hope Derek come out on top.

I was enjoying the pace and intrigue of this book which is 1st in a series. The Dirty Money Crew is run by Scar who is the younger brother of narcotics Dt. Derek Fuller. Dt. Fuller is married to ADA Tiphani who is having an affair with Scar. Each individual is self serving in their quest to ruin the other. Would have given 4 stars but the abrupt ending of book 1 left a bad taste in my mouth. I need my stories to be complete despite the pending sequels waiting on the publisher's desk!

Why did one brother have to be so hard and the other so weak I'm about to find out in part 2 this book has so many twist and turns that I finished and didn't realize it. I have been a fan of this author's work since the flint series and I wasn't disappointed with this one.

I enjoyed this first book and looking forward to reading the next three of the Baltimore Chronicles. Treasure Hernandez ain't nothing nice with her books. She keeps it real. There is a lot of dirty, crooked and on the take people in Baltimore. Starting with the mayor, police dept. and citizens. Scar, Derek and Tiphani Johnson are the star players. Scar is Derek's brother, Tiphani is Derek's wife. Derek is a big time cop, Scar a big time drug dealer and Tiphani is Asst. DA and screwing Scar (go figure). The Flint Series was also off the chain!

**Michael Bell says**

I had just finished watching Seasons 1 and 2 of The Wire. It was an intense series on HBO. This book matched the mayhem and murder from the first chapter. It was sex, drugs and intrigue from start to finish. I felt sorry for the judge Tiphani Fuller. She overcame long odds to obtain success and threw it away for the fast life. She was also incredibly stupid when it came to unprotected sex. The drug dealer, Scar Johnson, was

notorious and could have been patterned after some real life gangsters. There were secret family ties involved along with ultimate betrayals. I couldn't put it down once I started to read it.
