Eternal Sabbath, Volume 5 Fuyumi Soryo
MYSTERY MAN

Neuroscientist Mine Kujiyou has devoted her life to the pursuit of knowledge. When she met Shuro, a genetically engineered superhuman with extraordinary psychic powers, she thought she'd found the ultimate experimental subject. But then the handsome and enigmatic Shuro makes a shocking confession, and Mine finds herself deeply divided. Is her fascination with Shuro purely intellectual, or is she experiencing more than just a passion for research? Shuro's powers could save—or destroy—humanity, and Mine's reaction could tip the balance. Now she has discovered an even darker mystery than the human mind: her own heart.

Mike says

Quick thoughts: Great stuff. This series keeps finding unexpected, intriguing directions to go off in. I'm completely hooked.

Conan Tigard says

ES (Eternal Sabbath): Volume 5 is all about the struggles of the main characters to cope with changing times. Akiba struggles with his attack on Isaac and his feelings for Mine. Mine struggles with Isaac's feelings for her and with an abusive mother. Yuri struggles with the ill feelings she has for her mother who beats her. Takaoka struggles with how to kill Isaac.

ES (Eternal Sabbath): Volume 5 is a very angst-filled book. What I didn't like was seeing Akiba and Mine have sex in a book for 16-year olds. Sure, 16-year old kids know about sex, but I didn't like seeing it in this book. Keep that for the 18+ crowd, please. It could have been done in a more discreet way. I also find it hard to believe that a mother, no matter how badly she may have been treated by her father, could not love her daughter. Being a single parent and having raised my daughter on my own from the time that she was two years old, I cannot imagine loving anyone more than I do my daughter.

Once again, the artwork is good and the storyline is interesting, but this is not a happy book.

If you are looking for a fun manga, this is not the series for you. It is extremely serious, yet intriguing at the same time. What makes Akiba and Isaac tick? This I cannot wait to find out. Maybe we will find out in ES (Eternal Sabbath): Volume 6? Let's hope so.

I rated this book an 8 out of 10.

Miriam says

Mildly ironic that our two main characters are respectively a telepath and a neuroscientist, yet neither of them has any insight into human behavior or feelings.
