“**Brisk and bright as always**, with pictures of a lovably scowling Nate and a voguishly strange Rosamond . . . for added appeal.”—*Kirkus Reviews*

“Readers will have a dandy time following the case and will sympathize with Nate’s wish that he had failed to solve it when he finds the dismayingly ‘present’.”—*Publishers Weekly*

“The **tongue-in-cheek mystery** unfolds briskly. Simont’s . . . cartoons are in tune with Sharmat’s comic touch.”—*Booklist*

"Dear Mother,  
I am going out into the cold world to look for something strange. I will be back.  
Love,  
Nate the Great"

Rosamond has gotten Nate a strange birthday present, but she lost it on the way to his house and can't find it. Nate is determined to crack this very mysterious case.

### **Bryn says**

Not our favorite of The Nate the Great series. Not enough clues for reader to follow.

Nate the Great books aren't that great. I hated them when I was a kid, yet I would always read them. The endings of the books were always the same, they figured out what or who did it. And where are Nate's parents? They just let their son walk around everywhere and question people. That is very irresponsible of them. Nate the Great books always made me fall asleep and always wasted my time. I would not recommend this book to anyone, especially little kids. If kids want real mystery, they should read Sherlock Homes.

### **Beth says**

Great series to introduce the mystery genre to kids. Fun, silly & creative.

We listened to this. He loved it--five stars he says, but since this is my goodreads account, my opinion wins. I did get a little annoyed with the reader of the audiobook overemphasizing "I, Nate the Great" repeatedly. It was like a speed bump in the listening experience. Ian was thrilled to read that the author lives in our city.

### **Rosa Cline says**

Nate the Great is a little boy and with his dog Sludge solves the neighborhood mysteries, mostly lost things. He follows clues until he solves the case. In this one the neighbor girl has gotten him a very early birthday gift (his birthday isn't until summer but it's still winter) but she loses it on the way to his house. The thing about it is she won't tell him WHAT he's looking for, or how big it is or shape it is etc. The story itself I probably would have given it a 5 star but the way it was written had too much repetitive stuff that had nothing to do with the story itself... like repeating his name over and over again... it was like "okay we get he's Nate the Great" but the story itself was really neat how he followed clues and in the end did find his birthday gift with very little clues to start him with!

Nate took a strange case from Rosamond.  
She lost his birthday present but didn't tell him what it is.  
He found a clue from her saying, "Sled felt lighter."  
He did not notice her saying "Your present was gone"

### **Dolly says**

Nate the Great books are fun, but a little odd. This book is no different, but it's a good book to read aloud and it is good for children to try out their skills at deduction and solving the mystery.

### **Kira says**

I don't really like it. I generally like mystery books, however I think this one is too confusing and a little too long. I also don't understand some of the words and sentences so I have to ask my friend.

### **Jeremy says**

This whole series is ok.... Not great... ok.

I read this, in fact, read this multiple times to my kids. It's not that the book is "bad", I guess I was mostly annoyed by the "nude kid"..... Just weird..... to put "nude kid" into a childrens reading book.....

### **Alex says**

I enjoyed this book because I like mysteries. I did not like this book because I do not like snow footprints in the snow. Snow footprints sometimes get me lost because I usually follow them.

### **Olivia says**

I liked when Nate said the cat was very,very,very fat, it was funny. I liked this book because it was a mistery and I like mysteries. I recommend this book to fourth and fifth graders. My favorite part was when Nate's friend wouldn't tell him what his present was so he couldn't find his present.

### **babyhippoface says**

This early chapter-book series is very popular among our 2nd graders. Nate is observant, smart, and always solves the mystery.

Personally, I like Rosamond. She's weird and creepy. If I'd known her in real life as a 2nd grader I'd have been scared to death of her.

### **Heidi says**

School reading! Chapter books already! A fun little mystery (series) about Nate, "supersleuth" who needs to solve the case of his missing Birthday present... even though it is not his Birthday.

I had to re-read the beginning after hearing the second half read to me. I adored the cleverness of the ending & look forward to reading more in this series.
