DEBAUCHERY NATIONAL AND STATE LEVELS

A well run machine of thieves and spies which reached the swamp in Washington, D. C. This gang paid off the local lawmen and spies who were local store owners were on the payroll of the "BLACK BART GANG." Our friends the bounty hunters, I should say fearless men who would lay their lives down for each other which is illustrated in this action bound oater. A GREAT story that we all enjoy reading about,in fact, we are along side of them as they take cover behind a water trough which has been hit some many times that the bounty hunters felt like wet roaches. They were slowly surrounded by this gang of cut throats bent on killing them, so that this gang could continue their robbing and kidnapping. This gang were also responsible for murdering the wife of Governor of New Mexico, and also trying to kidnappe his daughter which fell through...Ladies and Gentlemen the "SWAMP" in Washington D.C. existed before any of our BILLS OF RIGHTS, CONSTITUTION, FEDERALIST PAPERS were conceived, that's why the forefathers got their heads together because they knew this was coming...the immigrants who came to America to escape religious persecution, unfair taxes, despotic government, monarchy ruled countries just a hot mess...perseverance is the key...there will always be those who will triumphantly fight for our constitutional rights...

Terrific story

I was caught up in the story and the individuals. However the misspelling and grammatical errors were distracting. I am glad the author can now afford editors. This the first novel of Mick's that I have read, but look forward to enjoying many more of Mr Beacham's books. The characters were terrific as was the story. I will be reading many more novels by Mick Beacham. Thank for a fun trip into the wild West. I too have been a fan of William Johnstone.

A MB. Adult Western With Burt & Slade/SanteFe/New Mexico Border/Outlaws

MB. Had penned another Butt and Spade adult(violence and language) western. They are called to New Mexico and I see if the can help with Border Bandidos who are attacking small towns, ranches and

farmers. The expert sharpshooter begin to whittle down the Bandido tree. This is an excellent read for the genre.....DEHS

Showdown in Santa Fe

This is a really good read that covers the best examples of how the West should be remembered. Good guys and bandits and all points in between.
