## **Sweet Treats** Stormy Glenn

Brandon Erikson knows he doesn't have much chance of finding love. There aren't a lot of opportunities for a man with a little extra padding around the waist and hectic work hours to find the man of his dreams. That is, until he slips and falls at the jazz festival and discovers that the way to a man's heart is through sweet treats.

Dr. Nicolas Syranno is tired of dating men who order salad when he takes them out. He wants someone who takes pleasure in life the way he does, someone who isn't toothpick thin, and someone who understands his crazy work hours as an emergency room doctor. When Nicolas sees a sexy little blond slip at the jazz festival, has he found the love he has been searching for?

### **Bubbles Hunty Honest & Direct Opinions says**

cute and enjoyable

---

### **Ann says**

Unfortunately it was way too rushed and things were just too convenient for me to be able to get into it.

---

### **Kerry sullivan says**

This was exactly as the title suggests a sweet treat!! It was a sweet tail of two men falling in love and making it work. The story had me smiling from beginning to end and I really liked the fact the whole focus of the story was on them and not on any peril or issue, this was a love story plain and simple and work beautifully. Ms Glenn never disappoints, you always get a hot little story that pulls you in and makes you feel like a friend who is part of the story and part of the family and I have to say I love the family she had made me part of!!

This book was reviewed for Musings of a bookworm

---

### **Raji says**

If you want a simple love story without the angst, conflicts etc then this is it! Just for the sweetness of the story I have given it four stars.

---

### **Tam says**

Brandon the bakery owner wipes out at the Jazz Festival and Dr. Nick comes and helps him up and latches onto him right there. They go home but Nick gets called to work. They finally hook up and have some fun and Nick gets called in again. There is some conflict at work that Brandon kind of facilitated but he manages to get it all cleared up since conveniently his uncle is the hospital administrator. I enjoyed this because Brandon is not hard bodied and gorgeous. He admits he is a bit on the plump side and has a big ass and Nick thinks he's amazing and loves that he's not twig thin. I thought the convenience of Brandon's uncle being the administrator was a bit overdone, might have been more interesting to have Nick actually face off with the other Dr. over harassment charges rather than have it all wrapped up in a nice bow and who the hell is Dino? There is this big thing that he's coming and Nick asks who he is and gets the "you'll see" and then while he talks there is no mention of who he is. You ASSUME he's the uncle's lover but it's never said. It could have been his son for all you know. Anyway, that kind of annoyed me but maybe that's to be found in another story? It is a pretty sweet sugary story but on the whole it was fun and I liked both characters and it's quick

light read that at the end that leaves you feeling like you just want a chocolate eclair ... baaaad. Or maybe that's just me.

### **Ivana says**

DNF this one. I wanted super sweet but this one was just a bit over the top and unbelievable for me. I adore a good insta-love story but this was a little too much.

---

### **Tom says**

#### **One of Me Favorite Authors!**

A baker and a Doctor meet and fall in love. What's not to like. This is an enjoyable, sweet book. It has sex scenes but they aren't overly detailed or gratuitous.

---

### **Sue bowdley says**

Loved this one....No real angst in it..just two guys getting together and starting a life together....Nick the Dr and Brandon the baker...lovely cute sweet story x

---

### **Lily says**

Brandon Erikson meets Nick Syranno when he falls in the park and the hunky doctor offers to check him out. Instantly attracted to each other the guys end up back in Brandon's apartment but before things go too far Nick's called in to work. Days pass before they can get together again but once they do these two practically burn up the sheets.

Unfortunately Nick once again has to leave for an emergency and Brandon wakes up to a sweet note on the pillow instead of his new lover. Having learned that Nick loves chocolate Brandon decides to pay him a visit at work and take him some treats from his bakery. Brandon's visit to the hospital is indeed a wonderful surprise for Nick and things are going good during the visit until a confrontation arises with another doctor. The night ends with some surprising revelations and Nick and Brandon firmly on the road to love and happiness.

This 82 page novella is just as the title states, a Sweet Treat. I really liked both of the main characters. Nick and Brandon are typical of the characters that Ms. Glenn writes. Nick is tall with a great build, he's handsome and sexy while Brandon is shorter by a few inches, cute and with an outgoing and lively personality. I really enjoyed the fact that Brandon is portrayed as having 'love handles' due to his job as a baker and the fact that he loves to try out his creations. It's always a breath of fresh air when a protagonist is not 'perfect' and I found that a nice touch.

The relationship between Brandon and Nick is entertaining and the sex scenes are hot. The author also shows

a sweet and tender side to the characters which added to my enjoyment of the story. Due most probably to the length of the story and the tight focus on Brandon and Nick's relationship the secondary characters are not very developed but still work well in the storyline. The plot is simple and while the resolution to the conflict is a bit easy and coincidental it doesn't in any way detract from the story.

Overall this is a well written and engaging story. Stormy Glenn is quickly becoming a favorite with me as she writes books that are entertaining and easy to read. I enjoy her characters, the stories are simple but fun and the combination of nicely written and hot sex scenes within a sweet often romantic relationship make her books a real treat to read.

### **Mandy\*reads obsessively\* says**

Short, sweet angst free story about a bakery owner and an emergency room doctor!

---

### **Daisiema says**

Sweet Treats is the second book I have read by Stormy Glenn. This had been on the bottom of my TBR files for a while. Since it was a relatively short story, about 64 pages or so, and I was in the mood for something short and sweet, I thought I would give it a try.

Stormy has a very simple style of writing. It reminds me of Carol Lynne's style in a way. Her story was short and to the point. There isn't a lot of angst, and the heroes pretty much immediately fall in love with one another without many complications or conflicts. There were some things that didn't add up for me with this book, but not enough to take away from the overall enjoyment of it. I would call Sweet Treats a guilty pleasure with its quick and easy storyline, sultry sex scenes, pretty interesting heroes and very sweet ending. I liked it.

Brandon is the owner of a bakery. He is a very sweet man with a good sense of humor, who hasn't had good luck in the relationship department for quite some time. He isn't your average hero. He is short and cute. He is described as having a "bubble butt" and because of having to taste test his baked goods, he is a little thick around the middle. I have to admit I LIKED this about Brandon. Sometimes it's nice to read about a cute guy that isn't perfect in everyway. You know?

Brandon is not known to be graceful. So when he stumbles and falls on his bubble butt while at the Jazz Festival, he is able to laugh at his own klutziness. What he doesn't expect is to have one of the most handsome men he has ever laid eyes on to come to his rescue.

Nick is immediately smitten with the Brandon. He loves that Brandon has can laugh at himself, eats more than a crouton at dinner and is also one of the nicest and sexiest men he has ever met.

Nick hasn't had good luck with men. Being a doctor, he has had difficulty keeping a relationship. They don't understand his unpredictable schedule, and usually don't stick around because of it. When he meets Brandon, he can't help but hope that Brandon will be different than the others because there is something about Brandon that speaks to his heart.

There is a small conflict between Nick, Brandon and a Doctor that Nick works with. There is some slight misunderstanding between Nick and Brandon, but basically that's it. It's really just a sweet story of two people finding one another and connecting on an emotional and physical level. Sweet Treats is perfect for that rainy day reading when you don't want too many complications.

Note: Sweet Treats is the first book in a series. The next book is Mr. Wonderful. I don't know how they will be related yet, but I'll let you know when I read Mr. Wonderful. Since the secondary characters are interesting, it would be nice to read their story, too.

3.5 stars but I will bump it up to 4

---

### **CB says**

This was a really fun and sweet book. I enjoyed the MC's and entertaining story.

However, there is a second book in the series "Sweet Temptations" that I do believe should be read before this one. The best friend, Dino, meets his partner in the second book and yet they are an established couple in this book (although their appearance here is brief and at the end of the story, his role is much larger in the 2nd book and he was single). Regardless, both books stand independently and you don't have to read one to enjoy the other.

---

### **Erotic Horizon says**

On an outing to a jazz festival with a friend, Brandon Erikson wonders if his luck will turn in finding a man who was interested in him. When fate helps him along and he slips right into the arms of Dr Nicolas Syranno, he just goes with the flow.

Nicolas is unlike anyone that Brandon has ever known. Not only is he genuinely interested in him, but he has a sweet tooth a mile long. With everything between the two out in the open from the moment go, there shouldn't be a fly in the ointment, but there is. Nicholas and Brandon have to find that middle ground to get along before they lose what little they already have.

Sweet Treat is another Stormy Glenn masterpiece. A true love story of men wanting it all and is willing to invest the time to make it happen.

Nicholas has been through the ringer with past lovers who have never understood or tried to understand his life. When he meets Brandon he feels as if he has found a new lease in life.

Brandon has enough sweet treats to match Nick's sweet tooth, however to balance that off he has a whole heap of insecurities that he has to deal with if he wants to have a relationship with a man who is becoming to mean a whole lot to him.

Nick and Brandon are fun together, from the first moment of their attraction. The sexual tension is clear and we have fun through the book with them.

Sweet Treat is a fun read that will leave you with a most satisfied smile on your face.

---

### **Kendappa says**

I bought this book for its premise ( a plump young man finding love despite being plump), but it failed short. There's no conflict at all in this book, everything falls in line perfectly and the love interest is a Marty Stu. Boring.

---

### **Nichole (DirrtyH) says**

2.5 stars

I had to create a whole new shelf for this book called "rainbows and lollipops." Though I'm sure it won't be lonely for long. This was one of those no angst stories where the leads fall in love at first sight and then live happily ever after with no troubles. Everyone loves everyone and they all skip off merrily into the sunset. So if you accept this for what it was, it wasn't too bad. A few spelling errors that the more anal side of me cringed at (e.g. principal instead of principle), but mostly it was kind of cute. There just wasn't much substance there to grab onto.
