## **The Hidden Wife B.M. Hardin**

"Something Borrowed. Something Blue. He Chose Me. But WE Chose You."

Tiffany, "Strawberry" Parks has it all. The perfect house. The perfect career. The only thing that she is missing is the perfect husband. She failed at love her first time around, but she vowed that her next marriage would be her last.

But who said that she would even have a choice in the matter?

Love finally comes her way, and Strawberry is in love like never before. But something isn't right. It seems as though the closer and closer she gets to happily-ever after, the more someone seems to be trying to get her attention.

Does someone know her secret?

Strawberry learns the hard way that sometimes love is patient. And sometimes love decides to be kind. But sometimes love is just plain ole' stupid and other times it's blind.

But the love that Strawberry feels is real; but can her new husband say the same? Or is there already someone that he loves more....that also has his last name?

Just because it can't be seen, doesn't mean it can't be heard. Have you ever seen what happens, when you fail to keep your word?

To love and honor or to deceive and betray?

When vows and promises are broken, there is always a deadly price to pay.

## **From Reader Review The Hidden Wife for online ebook**

### **Monica Powell says**

#### **This Book Was Awesome!!**

I gave this book a 5 star rating simply because I pride myself on figuring out the plot before the author is done detailing the story, I just could not do this with The Hidden Wife. B.M. Hardin did a wonderful job crafting this book. First time reading a book penned by her but definitely not the last.

### **LoveLee Kourage says**

FOR STRAWBERRY TO BE SO SMART SHE LET HER FEELINGS OF BEEN WANTED  
OVERPOWER HER COMMON SENSE .. THE STUNT RAY PULLED AT THE VERY BEGINNING  
WASN'T RIGHT BUT HE CAME THRU AS AN ALRIGHT GUY BEFORE THE BOOK ENDED....  
TOBIAS HAVE MORE SECRETS THAN VICTORIA NOW WHAT I'M WAITING FOR IN PART 2 IS  
BRIAN TIES TO ALL THE DRAMA ....

---

### **Cheryl James says**

The book started out as an interesting read. About half way it went all the way left. No meaning, no substance and very elementary. I found myself continuing to read it because I couldn't wait for it to be over. This book was picked for my October bookclub meeting so therefore I will read the part 2 finale. I am hoping that it makes up for what was lost in part 1.

### **Trelinda Estes says**

#### **Great Stort**

Ok I must say I'm a fan I have been a fan and will continue to be a fan. When I saw you had a new story I went quick fast in a hurry to kindle to download and once I started reading I couldn't put it down. The ending kind of messed me up so please hurry with part two!

---

### **Sinfunni says**

#### **Dumb dumb dumb**

#### **SPOILER ALERTS!!!!**

I really don't like stories that have "mature, successful, intelligent" adults make such elementary mistakes. The heroine makes millions yet fails to protect it? In 2016, moves in a man she's on known for months

without conducting any type of check on him then rushes to marry him. Signs documents without even glancing or reading them. Has bizarre things happening without putting two and two together. SMHO. This story could have been better if the author took more time to develop it rather than trying so hard to get through the twisted plot. Having said all that I will recommend this book to those who do enjoy drama as the twists make the bumps worth the ride.

### **Ebony EyeCU Evans says**

"The Hidden Wife" is my first read by B.M. Hardin and I must say, I love her style. Although there were a few errors...The storyline was captivating, comedic, unpredictable and well written! Once I started in, I finished in a day so needless to say...I'M HYPED TO READ PART 2!

Ebony  
EyeCU Reading Approved and Recommended!

### **Rosie J. says**

I started this book late yesterday and I stayed up until the wee hours of the morning to finish it. This book grabbed me right from the start. A lonely divorcee named Tiffany (nickname: Strawberry) searches for love in all the wrong places. One day she becomes a damsel in distress and a black knight (Tobias) comes to her rescue. He's everything she ever wanted and desired. He seems to be the perfect man ... *but is he?* Soon enough she discovers he's more than she ever dreamed of or wanted -- he's a recurring nightmare!

*Ladies ... be careful what you ask for ... you just might get it!!!*

---

### **April says**

What the What!!!! Okay What just happen??? Great Book now on to book # 2 so I can find out What's Really going on smh Happy Saturday and Happy reading everyone

---

### **Tynika says**

**Damn!!**

Nothing is as it seems in this book...its so unpredictable!! There were a few errors in the story but overall this book had me unable to put it down until I finished.

---

### **Roopa Ramachandran says**

I just can't rate this book. Here's why..

Let me start off with the bad things.

The writing was horrible. I mean, I'm someone who overlooks a few typos, but this book did NOT want me to. The writing itself, it was so bad, I think I forgot a little English myself.

Maybe, I don't know this type of English. Maybe it's really good but I don't know it. (After all, my first language isn't English. It's possible.)

But, NO!! I really doubt that that's it.

The characters? I hated the heroine. She was childish, stupid, and just not a good person. Not what I want my lead characters to be. I mean, sure, she was a really strong person and all that, but more than that, she was juvenile and selfish.

Yes, I know that she was helping out her sisters and mom with money problems, but I don't think that helping out someone with money when you have loads of it and don't miss it if it's gone makes you generous.

Also, who accuses someone wrongly of RAPE? Bad people, that's who. People who don't care about others. I hated her at that time and she never won me back again at all. It's because of people like this that real rape victims are going through tough times.

I know that she felt horrible about it and never really moved on from it. But what she should've done was come clean. I know that that would've been too hard for her and the man wrongly accused had killed himself already, so she should've done other things. Like absolve herself by doing something good or something. I hate people who regret something they've done but don't do anything about it. If you want something (like absolution) do something to get it. Not mope around!!

Anyway, these are the horrible things about this book.

Good things..

The plot was something else. Despite its bad writing, I couldn't put this book down. I always, I mean ALWAYS, guess the twists or suspense and I'm right most of the times. But this one, I never could guess what was going on and who was what and not in a bad way. I couldn't even start to guess the suspense. The author is really good at writing a mystery.

Seriously, any rating I give it would feel wrong. Hence, no stars.

---

Since I have to go through the second book to know the whole story (Yes, it's a mother of all cliffhangers), I guess I'm reading the second book.

### **Stacey Nelson says**

I enjoyed reading this story. It takes you on a roller coaster ride from beginning to end. The cover captures your attention and is different. The characters are well defined and easy to follow while scenes are brightly described and easy to get into. Just when you thought it would go one way, it goes another. The story was smooth and well developed and you are able to read this story with ease.

This is a great quick read if you are seeking a different read. Good work from the author and I look forward to more of her work.

---

## **Dee Cherry says**

### **Fabulous!**

Once again, BM has created characters & situations that held me captive & anxious. It seems Tiffany's problems became worse with each page. I enjoyed reading the 1st part of this twisted tale & definitely ready to see what direction this story goes!

---

## **Mary says**

### **The hidden wife**

This was a decent read. There were a few errors that didn't take away from the series but the bugged me nonetheless. I also felt like this was a book I read by her before. The story seemed similar to another book by her.

---

## **Kieshaboo Mays says**

strawberry was so desperate not to be alone she chose a man who she barely knew. this book got me on the edge of my seat

---

## **DENISE says**

### **Awesome good**

The twist and turns were awesome as usual in this author books. Keeping you on the edge of your seat. The way the book started had me laughing. But then the suspense got the best of me and could not put the book down. Who is after Tiffany? Why? Oh, book 2 better be out soon. Can't wait to see what is going to happen next. Never like that Tobias guy. He was fishy for the start. Brian was weird too. Love is a beautiful thing but damn it makes you blind and dumb to not see the signs of a bad person.
