This was just a taster of a book but it was enough to get me motivated! I've been a Young Living distributor for almost 2 years now and this was just what I needed to re-inspire me to move forward with even more motivation and passion! Now I'm planning on reading the actual full GamePlan book and lending this one out to a friend who I think will be inspired to do the business with me!

Kathy Austin says

Awesome!

Sarah's story is so inspirational & motivational. The Gameplan set is a great resource. The mini is so good to hand out to potential clients or new clients. Get this set, you won't regret it.

Carol says

Love the simplicity of it!!

The Gameplan broke it down it easily. I feel like it has started a fire in me and I am ready to run with this business!!

Audra says

It is the first two chapters (I think) of another book called "Gameplan: The Complete Strategy Guide to go from Starter Kit to Silver." It is a pretty good motivator for those that think that they can't sell for any MLM company really, but a really great book to motivate you for selling for Young Living. I'm currently reading the other book so I'll have more of a review when I finish.

Donna J Rayburn says

Insightful

Informative about network marketing being; the way to freedom from working to make someone else's dream a reality. I can work to make my dreams come true putting in less hours.

Lorraine Bailey says

Motivating you.

Tristan J Kitch says

Kind of just selling the main book

I purchased this thinking it would give me a few starter ideas. It talked about the authors story to platinum and the YL compensation plan but I walked away with share the oils. I get it, I'm just curious what helpful ways in doing that. Thankfully this was only \$2, but bummed I have to spend another \$13 for the full version!
