Zeke

Beth Williamson

Zeke Beth Williamson

A cool man, a fiery woman, a love destined to ignite. Intense, reserved and known for his strategic thinking, Zeke Blackwood has struggled to find his place in the post-war world. Naomi Tucker is a survivor, a woman who made it through the war on her own wit and strength. The wildness of the West is far from tamed. It threatens Zeke's fragile relationship with Naomi. As Zeke's hold on sobriety slips, he and Naomi must choose between settling for half a life apart, or embracing all they could be. Together.

Ruth says

As with the rest of this series, the story starts with a great description of the hero's demons, this time relieved and made worse by drink. For this story, there is less violence and more focus on the Devils settling down, as well as the ongoing struggle of the hero against booze. The description of the secondary characters is perhaps not as good as the previous books, but the focus on the hero and heroine is sharper as a result.

You really get a great understanding of the desperation the Devils each suffer, and even though the heroines' plight is well-described, I welcome the focus on the heroes. They really are the stars of this series.

This story is not a standalone. You really need to read the preceding book or it will make no sense whatsoever.

Kimberly Walter says

Zeke was filled treachery, danger within the town of Tanger, TX but between two people there is wicked hot passion. It was an enjoyable adventure

Tiss says

I started this series awhile ago and then finally bought the rest of the books.

Beth did a wonderful job with this group of friends. They fought in the war, then went back home to find that they didn't have a home to go to. They rode the countryside looking for work and to help people in need. Little did they know that they would find their mates.

This is a historical western and I really liked it.

Eileen says

This devil had a long way to go before he made it out on the other side. Excellent story!

Jessica Alcazar says

Zeke, a haunted man after watching the woman he thought he loved murdered in front of him, finds himself unable to find peace unless it's at the bottom of a whiskey bottle. The Devils can't seem to shake him off his alcoholic lifestyle that is heading straight for self destruction. The town places him in the position of temp Sheriff hoping to finally give him something to live for, which kind of works, but Zeke has a lot of demons and the bottle seems to call him over and over again!

Enter Naomi. A woman with a past, too much pride and a mouth that won't quit. Sparks FLY between Zeke and Naomi. They were perfect for each other. Naomi has comes from the same background, watching her own father burn to death in front of her. She's had to also do what she needs to do to 'survive' ... they make a perfect pair! And oh so romantic ... the town 'angel' ... swoon ... lol

Lori says

This is a reread for me. Original review from 2008 is here:

<http://donttalkjustread.blogspot.com/...>

The thing that struck me this time is that it's got to be incredibly difficult to make a slobbering drunk a hero and make him sympathetic, and still incredibly masculine. But Williamson manages it with Zeke. There's really not much else I can add to my original review. This series is must-read.

Jenn says

Highly, highly reccomend..

Beth Williamson has become a favorite of mine on immediate "to buy" status. I have enjoyed every book she has put out, especially the western's. She is one of the few writers who can completely suck me into a new world until the novel is finished, and then I mourn the loss.

Zeke, the third story about the infamous "Devils on Horseback", picks up where JAKE (book 2) left off. Zeke, a haunetd man after watching the woman he loved murdered in front of him, finds himself unable to find solace unless its at the bottom of a whiskey bottle. Friends and family despite their best efforts cant seem to shake him off his acholic lifestyle that is heading straight for self destruction. One last effort places him in the position of Sheriff, hoping to finally give him something to live for.

Enter Naomi. A woman with a past, too much pride and a mouth that won't quit. As usal in Ms. Williamson's novels, there are fireworks between her 2 protagonists. And thouh at times I did find Naomi a bit one dimendional in the beginnign of the story, and very often overbearing and annoying when she flashed her "feminnist Nazi" underoos, this was a wonderful story of love, and redemption.

Zeke was an interestign character; multi dimensional and we saw the sort of man he was not through only his eyes but through those of hamily and friends who sacrificed so much for him. I found the theme of alchoholism an interesring one to tackle in the setting and it was handled well. The secondary characters as usual are remarkably well flashed out and really help with the building of a world, not just a book.

I can't wait for the next one. There was some VERY interesting groundwork subtly laid out in this book, so I cannot wait to see what the 4th book holds.

If you love cowboys and westerns and are a sucker for a love story that isn't alwas pretty but extremely

satisfying, do not miss this one!

NOTE* You MUST read Devils on Horseback: Jake, before you read this one so you understand a lot of the groundwork. Note, not so much as that book occurs before the characters move to Tanger. All the characters in Zeke, were introduced in Jake and though there are recaps, it's still not really enough.

♥ Beth says

Great book!! I ♥ the Devils on Horseback series and this is my favorite of the series so far!
